CAPS Topic	Development of the self in society	Lesson theme	- Assess levels of stress: signs and symptoms of stress, positive stress and negative stress - Stress management: coping mechanisms and/or management techniques, develop and implement own strategy		
Lesson aims: At the end of the lesson the learners must be able to:					
At the end of the lesson learners must be able to • Explain the types of stress • Discuss and list signs and symptoms of stress • Evaluate the stress management techniques					
Pertinent question: How is this lesson relevant and applicable to real-life situations?					
Matric (Grade 12) is a highly stressful time for many reasons. With matric being the final year of high school, there is a lot at stake for learners. Not only do they have to stress about their exams, but they also have stress about being accepted at university. These reasons, among many, can lead to anxiety before and during matric exams. While it is normal to feel anxious during exams, the pressure on matriculants is even more. So that is why it is important to teach them about stress, how to identify stress and manage my stress so they can be able to cope with stress that comes with matric
