WALNECK'S CLASSIC CYCLE TRADER, JUNE 1994 Causey Enterprises, LLC, [Fluxus Administration](#) Colby Chamberlain, 2024-07-09 George Maciunas is typically associated with the famous art collective Fluxus of which he is often thought to have been the leader In this book critic and art historian Colby Chamberlain wants us to question two things first the idea that Fluxus was a group in any conventional sense and second that Maciunas was its leader Instead Chamberlain shows us how Maciunas used the paper materials of bureaucracy in his art cards certificates charts files and plans among others to subvert his own status as a figurehead of this collective and even as a biographical entity Each of the book's chapters situates Maciunas's artistic practice in relation to a different domain education communication production housing and health We learn about his use of the postal service to make Fluxus into an international network his manipulation of US copyright law to pursue a Soviet ideal of collective authorship his intervention in Manhattan's zoning restrictions as founder and manager of the Fluxhouse artists lofts in SoHo and his performances protesting against normative ideals of health and family focusing on his own ultimately failed medical self management Fluxus Administration is not a biography but it does delve more deeply than any other book into Maciunas's life and work showing the lengths to which the artist himself went to disrupt any easy account of himself

Road and Track, 1984 [Salvaging Community](#) Michael Touchton, Amanda J. Ashley, 2019-07-15 American communities face serious challenges when military bases close But affected

municipalities and metro regions are not doomed Taking a long term flexible and incremental approach Michael Touchton and Amanda J Ashley make strong recommendations for collaborative models of governance that can improve defense conversion dramatically and ensure benefits even for low resource municipalities Communities can't control their economic situation or geographic location but as Salvaging Community shows communities can control how they govern conversion processes geared toward redevelopment and reinvention In Salvaging Community Touchton and Ashley undertake a comprehensive evaluation of how such communities redevelop former bases following the Department of Defense's Base Realignment and Closure BRAC process To do so they developed the first national database on military redevelopment and combine quantitative national analyses with three in depth case studies in California Salvaging Community thus fills the void in knowledge surrounding redevelopment of bases and the disparate outcomes that affect communities after BRAC The data presented in Salvaging Community points toward effective strategies for collaborative governance that address the present day needs of municipal officials economic development agencies and non profit organizations working in post BRAC communities Defense conversion is not just about jobs or economic rebound Touchton and Ashley argue Emphasizing inclusion and sustainability in redevelopment promotes rejuvenated communities and creates places where people want to live As localities and regions deal with the legacy of the post Cold War base closings and anticipate new closures in the future Salvaging Community presents a timely and constructive approach to both economic and community development at the close of the military industrial era
