Educational Reform and International Baccalaureate in the Asia-Pacific Coulson, David Gregory, Datta, Shammi, Davies, Michael James, 2021-02-19 The need to reform secondary level education to prepare young people for new economic realities has emerged In an age of constant career changing cognitive flexibility is a top priority skill to develop in today's students This shift requires methodological innovation that enhances children's natural abilities as well as updated focused teacher education in order to prepare them adequately Educational Reform and International Baccalaureate in the Asia Pacific is a collection of innovative research that examines the development and implementation of IB curricula Highlighting a wide range of topics including critical thinking student evaluation and teacher training this book is ideally designed for educators curriculum developers instructional designers administrative officials policymakers researchers academicians and students *The Revision Revolution: How to build a culture of effective study in your school* Helen Howell, Ross Morrison McGill, 2022-01-21 Have you ever wondered why your students don't revise Or why they revise ineffectively Often they simply don't know how This is where The Revision Revolution comes in What if instead of just telling students to revise we taught them explicit study skills from Year 7 What if we made revision enjoyable even irresistible The aim is not just to help students pass exams but to embed their learning and help them grow into knowledgeable and informed young adults In this book Helen Howell and Ross Morrison McGill guide you step by step through how to start and sustain a revision revolution in your school building a culture of effective study that flows through all aspects of school life **The Ultimate Guide to Self-Regulation in the Classroom** Sue Cowley, 2025-01-02 This outstanding book will help teachers with their understanding on supporting children with their behaviour Laura Henry Allain MBE author early education specialist and creator of Jojo and Gran Gran This practical guide from bestselling education author Sue Cowley breaks down what self regulation is how it develops and how you can support your learners to build and improve it The Ultimate Guide to Self Regulation explains what self regulation is and demonstrates how it relates to challenging learner behaviour focus and attention resilience and impulse control Sue Cowley explains how it shows up in the everyday classroom including how it relates to post pandemic behavioural challenges and offers easy to implement solutions to support learners of all ages The book is broken down into two sections the theory behind self regulation and how it develops in the classroom and readers can dip in and out to find strategies as and when they need them Written in Sue's much loved realistic honest and practical style The Ultimate Guide to Self Regulation will help teachers practitioners and support staff to improve outcomes for every learner **Business Networks in Syria** Bassam S. A. Haddad, 2011-12-07 Collusion between business communities and the state can lead to a measure of security for those in power but this kind of interaction often limits new development In Syria state business involvement through informal networks has contributed to an erratic economy With unique access to private businessmen and select state officials during a critical period of transition this book examines Syria

s political economy from 1970 to 2005 to explain the nation's pattern of state intervention and prolonged economic stagnation. As state income from oil sales and aid declined, collusion was a bid for political security by an embattled regime. To achieve a modicum of economic growth, the Syrian regime would develop ties with select members of the business community, reserving the right to reverse their inclusion in the future. Haddad ultimately reveals that this practice paved the way for forms of economic agency that maintained the security of the regime but diminished the development potential of the state and the private sector.

Cabin Fever Paul Crawford, Jamie Orion Crawford, 2021-03-18 Cabin fever occurs at sea, on land, in the air, in space. Principally, it occurs in our minds. This book examines cabin fever in the wake of the coronavirus pandemic and the greatest confinement of people to their homes in history. It provides a timely account of the threat of cabin fever during lockdown.

Archives of War Debra Ramsay, 2023-07-21 This book offers a comparative analysis of British Army Unit War Diaries in the two World Wars to reveal the role played by previously unnoticed technologies in shaping the archival records of war. Despite thriving scholarship on the history of war, the history of Operational Record Keeping in the British Army remains unexplored. Since World War I, the British Army has maintained daily records of its operations. These records, Unit War Diaries, are the first official draft of events on the battlefield. They are vital for the army's operational effectiveness and fundamental to the histories of British conflict, yet the material history of their own production and development has been widely ignored. This book is the first to consider Unit War Diaries as mediated material artefacts with their own history. Through a unique comparative analysis of the Unit War Diaries of the First and Second World Wars, this book uncovers the mediated processes involved in the practice of operational reporting and reveals how hidden technologies and ideologies have shaped the official record of warfare. Tracking the records into The National Archives in Kew, where they are now held, the book interrogates how they are represented and reinterpreted through the archive. It investigates how the individuals, institutions, and technologies involved in the production and uses of unit diaries from battlefield to archive have influenced how modern war is understood and more importantly waged. This book will be of much interest to students of media and communication studies, military history, archive studies, and British history.

Gibson,2025-08-04 Access to property homes and natural resource based assets is fundamental to women s adequate standard of living economic independence and political empowerment Lack of direct access to property can marginalize women who may be unable to leave abusive relationships support their children enter the market or access credit education and support services Yet discriminatory property rights laws and androcentric customs have restricted women from ownership and control of property throughout history and continue today In this book the authors consider lessons for international social workers and others interested in addressing women s economic enfranchisement specifically their access to property using Akan Ghana widows as a case study

The Reflective Leader Armin Trost,2025-04-28 Effective leadership requires a clear idea of leadership which must be primarily guided by the specific conditions of their leadership context Only the leader themselves is responsible for developing the right idea of leadership Leaders who actively reflect on their context and their role are more likely to achieve success By combining thoughtful self awareness with intentional decision making they can move beyond relying solely on intuition and gut feelings This approach fosters stronger trust based relationships between leaders and employees This book not only provides theoretical foundations but also offers practical tools that have been proven effective in practice over many

years With the help of this book managers will learn to understand their leadership context and based on that understanding develop their idea of leadership Additionally it shows how they can communicate and act upon their leadership idea Therefore this book consciously avoids presenting a normative ideal and universally applicable approach This is where it differs from many other works that promote a single leadership ideal This book is aimed at leaders emerging leaders leadership trainers leadership coaches CEOs and HR managers focused on leadership development and talent management

Authoring Autism M. Remi Yergeau,2018-01-05 In Authoring Autism M Remi Yergeau defines neurodivergence as an identity neuroqueerness rather than an impairment Using a queer theory framework Yergeau notes the stereotypes that deny autistic people their humanity and the chance to define themselves while also challenging cognitive studies scholarship and its reification of the neurological passivity of autistics They also critique early intensive behavioral interventions which have much in common with gay conversion therapy and questions the ableist privileging of intentionality and diplomacy in rhetorical traditions Using storying as their method they present an alternative view of autistic rhetoricity by foregrounding the cunning rhetorical abilities of autistics and by framing autism as a narrative condition wherein autistics are the best equipped people to define their experience Contending that autism represents a queer way of being that simultaneously embraces and rejects the rhetorical Yergeau shows how autistic people queer the lines of rhetoric humanity and agency In so doing they demonstrate how an autistic rhetoric requires the reconceptualization of rhetoric s very essence **The Diverse**

Bridging the Gender Gap Lynn Roseberry,Johan Roos,2014-07-24

Despite decades of efforts to promote gender equality most leadership positions in business politics education and even NGOs are occupied by men and most people still work in occupations dominated by one sex This book argues that gender imbalances in leadership and occupations are not simply a moral issue or an economic issue but a governance issue Gender imbalances persist in large part because the very people with the authority and influence to do something about them know very little about gender and how it works in their organizations and in society at large Gender imbalanced governance is an expression of entrenched ideas about masculinity and femininity that lead to poor decision making Improving the quality of governance requires action to counteract the main justifications for the status quo Based on interviews and conversations with leaders and managers in Europe and the United States the book presents seven of the most common explanations for persistent gender imbalances and shows how they are based on common stereotypes and myths about men s and women s abilities and preferences This book provides a guided tour of current research about gender from a multi disciplinary perspective It challenges commonly held assumptions and offers alternative explanations and corresponding principles to guide individual decisions action and behaviour toward achieving gender balance

Media, Margins and Civic Agency

Heather Savigny,Einar Thorsen,Daniel Jackson,Jenny Alexander,2015-08-31 This collection brings together new research on contemporary media politics and power It explores ways and means through which media can and do empower or disempower citizens at the margins that is how they act as vehicles of or obstacles to civic agency and social change

Rethinking Young People's Marginalisation Peter Kelly,Perri Campbell,Luke Howie,2018-10-16 In the 21st century myriad earth systems atmospheric systems ocean systems land systems neo Liberal capitalism are in crisis These crises are deeply related Taking diverse and multiple forms they have diverse and multiple consequences and are evidenced in such things as war everyday violence hate and extremism global flows of millions of the dispossessed and homeless and in the precarious uncertain and marginal existence of millions more Rethinking Young People s Marginalisation is concerned with the experience affect and effects of these earth systems crises on young people s life chances life choices and life courses

young people's engagement with education training and work the character of young people's being and becoming their gendered embodiment their participation in cultures of democracy their resilience and their marginalisation Indeed in setting out to rethink young people's marginalisation this insightful volume makes a contribution to troubling key concepts in Youth Studies primarily structure and agency transitions and pathways gender and embodiment citizenship risk and resilience It does this by drawing on a variety of critical theoretical traditions including Bauman's engagement with the ambivalence of the human condition Foucault's studies of mentalities of government and genealogies of the subject the critique of the politics of disposability and violence of neo Liberalism undertaken by Giroux and the authors of Kilburn Manifesto Braidotti's vitalist posthumanism and Haraway's figure of the Chthulucene Analysing the ways in which young people engage in and develop new cultures of democracy Rethinking Young People's Marginalisation will appeal to postgraduate students and postdoctoral researchers interested in fields such as Youth Studies Youth Sociology Education Studies and Critical Social Theory

Communications and Inequality Peter Golding, 2025-03-07 With growing numbers of billionaires at one end and startling numbers of food banks at the other advanced industrial societies are becoming ever more unequal Yet the evolution and widespread use of new digital media and of a news rich environment bear the promise of unprecedentedly informed citizens and enriched democracy Are both these trends possible This book examines the evidence comprehensively and argues that the link between communications and inequality has a profound and direct impact on the relationship between citizens and society Drawing on key concepts in the sociological understanding of modern society extensive explanation of the digital divide the role and character of the new tech giants and the powerful effects on society of the voice of vested interests it offers a unique analysis of the dynamics and wider implications of communications inequality
