Masked Alfred Habegger, 2014-06-30 A brave British widow goes to Siam and by dint of her principled and indomitable character inspires that despotic nation to abolish slavery and absolute rule this appealing legend first took shape after the Civil War when Anna Leonowens came to America from Bangkok and succeeded in becoming a celebrity author and lecturer Three decades after her death in the 1940s and 1950s the story would be transformed into a powerful Western myth by Margaret Landon s best selling book Anna and the King of Siam and Rodgers and Hammerstein s musical The King and I But who was Leonowens and why did her story take hold Although it has been known for some time that she was of Anglo Indian parentage and that her tales about the Siamese court are unreliable not until now with the publication of Masked has there been a deeply researched account of her extraordinary life Alfred Habegger an award winning biographer draws on the archives of five continents and recent Thai language scholarship to disclose the complex person behind the mask and the troubling facts behind the myth He also ponders the curious fit between Leonowens s compelling fabrications and the New World s innocent dreams in particular the dream that democracy can be spread through quick and easy interventions Exploring the full historic complexity of what it once meant to pass as white Masked pays close attention to Leonowens s midlevel origins in British India her education at a Bombay charity school for Eurasian children her material and social milieu in Australia and Singapore the stresses she endured in Bangkok as a
