Precalculus Robert Blitzer, 2006-02 Gets Them Engaged Keeps Them Engaged Blitzer s philosophy present the full scope of mathematics while always

- 1 engaging the student by opening their minds to learning
- 2 keeping the student engaged on every page
- 3 explaining ideas directly simply and clearly so they don t get lost when studying and reviewing

First he gets students engaged in the study of mathematics by highlighting truly relevant unique and engaging applications He explores math the way it evolved by describing real problems and how math explains them In doing so it answers the question When will I ever use this Then Blitzer keeps students engaged by ensuring they don t get lost when studying Examples are easy to follow because of a three step learning system See it Hear it Try it embedded into each and every one He literally walks the student through each example by his liberal use of annotations the instructor s voice that appears throughout
