Jack The Ripper Caught In The Act:

Jack the Ripper Caught in the Act Mike Dant, 2014-07-23 Who was Jack The Ripper On August 31 1888 at 4 45 A M an ordinary family man and cart driver was discovered standing alone on a long dark desolate street next to the body of the first ripper victim His own explanation of how he came to be there proves he must have been at the scene for some time before he was discovered A half hour later he can be placed within feet of where a second ripper murder will occur 8 days later a murder which may have been committed to throw suspicion off himself and implicate the only other man that knew he was the killer This is the only suspect that can be placed at the scene of a murder connected to others and openly lied to conceal his true identity What is known about this mans movements during the time of the killings explains all aspects of the ripper murders such as Why was the killer never caught Why did the murders occur where they did Why did the killer leave Whitechapel and move into the city of London to commit the fourth murder Where was the killer when house to house searches were made Did the killer know his victims There are many mysterious questions surrounding the ripper murders and this man can answer them all *Jack the Ripper--Case Solved, 1891* J.J. Hainsworth, 2015-10-27 Is there anything new to be read about Jack the Ripper whose identity has been sought by countless Ripperologists for more than 120 years This book answers an emphatic Yes Drawing on recently discovered sources the author argues that the Ripper s identity was no mystery to the police in 1891 Police chief Sir Melville Macnaghten claimed to know the truth from private information but his source has remained unknown for more than a century Here the identity of Sir Melville s informer is revealed explaining why the Ripper was disguised as an insane surgeon for public consumption A number of photos are included some never before seen **The Trial of Jack the Ripper** E Macpherson, 2011-11-18 A shocking and brutal murder had taken place in the city in February that year and the words Jack Ripper is at the back of this door were found written in chalk on a door at the scene of the crime When he was arrested the accused William Bury admitted that he was afraid he would be arrested as Jack the Ripper The police investigation uncovered some disturbing details William Bury was a small dark haired man who was known to have been violent towards women He had been born and brought up in the Midlands but had moved to the East End of London in the late autumn of 1887 On 20 January 1889 he and his wife travelled by boat to Dundee This meant that he had arrived in London before the start of the Jack the Ripper murders and had left around the same time that they ceased Could this be coincidence people wondered Could it also be a coincidence that the murder in Dundee carried all the hallmarks of a ripper murder In the month before the trial the local newspapers in Dundee began to run sensational stories linking the accused with the notorious Whitechapel murders When the trial opened to a packed courtroom many in the public gallery were wondering if the man standing in the dock was none other than Jack the Ripper himself In this sensational and ground breaking book Euan Macpherson presents the evidence that the long arm of the law really did catch up with Jack the Ripper in a dingy basement flat in Dundee in the cold winter months of early 1889 *Murder Investigation Team: Jack the Ripper*

Steven Keogh, 2023-07-20 London 1888 and one man's brutal campaign of violence has taken the lives of unsuspecting victims cut the city to the core and carved his name into history. Well, not his name exactly. Whomever this man was remains a mystery, but there are few people who haven't heard of his nickname Jack the Ripper. The same is true for those said to have died at his hands: If Polly Nicholls, Annie Chapman, Elizabeth Stride, Catherine Eddowes, and Mary Jane Kelly had not fallen to his knife, their names would have been lost to history. Instead, they themselves are as much a part of the folklore as their killer. Then there are those who investigated the crimes: the ordinary men doing their jobs as best they could who will always be associated with the failed attempts to catch this monster. But if those crimes had happened today, how would they be investigated, and how would the approach differ? There is no doubt how detective work has changed dramatically over those 130 years. Although in many senses things are very much the same: Solving murders relies on an understanding of people, be that the victims, the witnesses, and most importantly, the killers themselves. In *Murder Investigation Team: Jack the Ripper*, while journeying through these infamous murders through meticulous contemporary research, witness statements, and reporting, ex-detective Steven Keogh will revisit the crimes that were committed, why these lives were taken, and attempt to discover just who was Jack the Ripper. Applying modern-day investigative approaches to the 19th-century investigation and with ground-breaking insight from one of the UK's leading criminal profilers, Pippa Gregory joins Steven on a gruesome and incredible journey of discovery into one of the most infamous crimes in British history.

The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes by R. Barri Flowers, from award-winning criminologist R. Barri Flowers and the bestselling author of *Dead at the Saddleworth Moor*, *Prostitution in the Digital Age*, and *The Sex Slave Murders*, comes the gripping historical true crime book *The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes*. The renowned Ripperologist taps into his expertise on serial murderers and sex trade workers in offering an in-depth look at four noteworthy cases in which the two worlds collide frighteningly: Jack the Ripper, the infamous and unidentified Victorian serial killer of at least five prostitutes in the dangerous section of London known as Whitechapel in 1888; The Ripper who slashed and horribly mutilated his sex worker victims, setting the tone for diabolical vicious serial slayers to follow for all time; Aileen Wuornos, an American prostitute who doubled as a serial killer in murdering seven johns in Florida between 1989 and 1990; She claimed they tried to or succeeded in raping her during the course of prostituting herself. In the process, Wuornos ended up being apropos for this book as a sex worker and serial predator. Kendall Francois was an African American serial killer dubbed the Poughkeepsie Killer who strangled to death eight streetwalker prostitutes in Poughkeepsie, New York, between 1996 and 1998. Francois used his own residence as a horrifying house of homicides and burial ground. The Edmonton Serial Killer represented one or more mostly unidentified serial killers who targeted and murdered dozens of prostitutes in the city of Edmonton in Alberta, Canada, between the mid-1970s and the early 2000s and possibly beyond that. The sex trade worker victims were often picked up in the city's red light district, strolled, murdered, and

dumped in various killing fields in rural areas around Edmonton The book will also chronicle the infamous and colorful 19th century New Orleans prostitute and serial killer Mary Jane Jackson and modern day American serial killers of prostitutes Walter Ellis nicknamed the North Side Strangler and Vincent Johnson dubbed the Brooklyn Strangler Included is a bonus true crime short on Douglas Clark and Carol Bundy a serial killer couple who targeted prostitutes on the Sunset Strip in West Hollywood California as well as excerpts from two fascinating historical true tales of child murder serial murder and jealous rage For fans of true crime tales and literary criminology this gripping volume written by someone with the verisimilitude that the subject matter merits will surely hold your attention from start to finish
