Gender, Judging and the Courts in Africa J. Jarpa Dawuni, 2021-11-29 Women judges are playing increasingly prominent roles in many African judiciaries yet there remains very little comparative research on the subject Drawing on extensive cross national data and theoretical and empirical analysis this book provides a timely and broad ranging assessment of gender and judging in African judiciaries Employing different theoretical approaches the book investigates how women have fared within domestic African judiciaries as both actors and litigants It explores how women negotiate multiple hierarchies to access the judiciary and how gender related issues are handled in courts The chapters in the book provide policy theoretical and practical prescriptions to the challenges identified and offer recommendations for the future directions of gender and judging in the post COVID 19 era including the role of technology artificial intelligence social media and institutional transformations that can help promote women s rights Bringing together specific cases from Kenya Uganda Ghana Nigeria Zambia Tanzania and South Africa and regional bodies such as ECOWAS and the African Commission on Human and Peoples Rights and covering a broad range of thematic reflections this book will be of interest to scholars students and practitioners of African law judicial politics judicial training and gender studies It will also be useful to bilateral and multilateral donor institutions financing gender sensitive judicial reform programs particularly in Africa The Open Access version of this book available at www.taylorfrancis.com/books/oa/edit/10.4324/9780429327865/gender-judging-courts-africa jarpa dawuni has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Space Warfare in the 21st Century Joan Johnson-Freese, 2016-11-08 This book examines the recent shift in US space policy and the forces that continually draw the US back into a space technology security dilemma The dual use nature of the vast majority of space technology meaning of value to both civilian and military communities and being unable to differentiate offensive from defensive intent of military hardware makes space an area particularly ripe for a security dilemma In contrast to previous administrations the Obama Administration has pursued a less militaristic space policy instead employing a strategic restraint approach that stressed multilateral diplomacy to space challenges The latter required international solutions and the United States subsequently even voiced support for an International Code of Conduct for Space That policy held until the Chinese anti satellite ASAT test in 2013 which demonstrated expanded Chinese capabilities This volume explores the issues arising from evolving space capabilities across the world and the security challenges this poses It subsequently discusses the complexity of the space environment and argues that all tools of national power must be used with some degree of balance toward addressing space challenges and achieving space goals This book will be of much

interest to students of space policy defence studies foreign policy security studies and IR *The Oxford Handbook of Comparative Environmental Law* Emma Lees, Jorge E. Viñuales, 2019-05-06 This Handbook is the first comprehensive account of comparative environmental law It examines in detail the methodological foundations of the discipline as well as the substance of environmental law across countries from four vantage points country studies from all continents responses to common problems including air pollution water management nature conservation genetically modified organisms climate change and energy chemicals waste foundational components of environmental law systems including principles property rights administrative and judicial organisation command and control regulation market mechanisms informational techniques and liability mechanisms and common interactions of environmental protection with the broader public private and criminal law contexts The volume brings together the foremost authorities in this field from around the world to provide a concise self contained and technically rigorous account of environmental law as a single overall system *Innovating in a Secret World* Tina P. Srivastava, 2019-07-01 Our national security increasingly depends on access to the most sophisticated and advanced technology Yet the next time we set out to capture a terrorist leader we may fail Why The answer lies in a conflict between two worlds One is the dynamic global commercial world with its thriving innovations The other is the world of national security in which innovation is a matter of life or death The conflict is about secrecy *Innovating in a Secret World* is a detailed examination of the U S government and innovation landscapes and of the current trends in often secret national security related research and development R D Based on case studies detailed research and interviews with executives at Fortune 500s startup entrepreneurs and military directors and program managers this accessible and timely book is a must read Tina P Srivastava evaluates whether the strategy of technology innovation in the world of national security leaves certain innovations behind or unintentionally precludes certain classes of innovators from participating She identifies the unintended consequences and emergent behaviors of this conflict This examination unfolds in a complex dynamic system that includes the legal framework in which technology innovation must exist For more than a decade Srivastava has been on the front lines of cutting edge technology innovation She suggests focusing on an emerging class of R D strategy called open innovation a strategy that broadens participation in innovation beyond an individual organization or division traditionally assigned to perform R D activities Through compelling stories of commercial and early government applications she shows how open technology innovation strategies can enable accelerate and enhance technology innovation Successful incorporation of open innovation into the previously closed U S government R D landscape can yield profound benefits to both national security and global leadership **The Supreme Court of Ghana Law Reports** ,2015 *Intersectionality and Women's Access to Justice in Africa* J. Jarpa Dawuni, 2022-10-17 *Intersectionality and Women's Access to Justice* edited by J Jarpa Dawuni propounds layered intersectionality as a paradigm for examining how gendered factors affect women's access to justice whether as judges or litigants Through intersectional and decolonial frameworks the contributors analyze

the lived experiences of women and their access to justice by situating the courtroom as both a spatial and a temporal arena for seeking justice as litigants and for seeking access to the bench as judges This book examines patterns of mutually reinforcing discriminatory practices that women share based on common gender identities and depending on which identities are at play at a given point in time in both traditional and statutory courts The book provides recommendations for various justice sector providers
