Leglise Primitive Face Au Divorce:

Jesus, Divorce, and Remarriage Gordon J. Wenham, 2020-01-15 What did Jesus really say about divorce and remarriage Challenging the evangelical near consensus that Jesus permitted divorce and remarriage in certain circumstances Gordon Wenham argues that while Jesus permitted separation in cases of sexual immorality he did not permit divorce and remarriage Presenting a revisitation and expansion of several decades of thought and debate on the topic Wenham builds his case from a close reading of Jesus teaching in the Gospels showing how his teaching pushed against the culture of his day In addition Wenham brings in insights from ancient Near Eastern marriage laws the Old Testament the writings of Paul and the earliest Christian interpreters of the Gospel divorce texts Readers will be challenged by a careful biblical argument that provides a counterpoint to the majority view No study on divorce and remarriage will be complete without considering Jesus Divorce and Remarriage

Autorité épiscopale et sollicitude pastorale (IIe-VIe siècles) Charles Munier, 2024-10-28 The first set of articles in this collection is concerned with the nature of the bishop s authority in the Early Church and the sources from which it was drawn This is seen in political terms as in the writings of Justin Martyr as well as spiritual ones Charles Munier singles out Tertullian as the first to formulate a doctrine of apostolic succession but also traces his subsequent path towards the affirmation of the authority of the Holy Spirit over that embodied in the Orthodox Church The following studies turn to a complementary area of ecclesiology that of pastoral care The author points to the great diversity of forms of worship and rite from the earliest days of the Church these he argues reflect a constant process of adaptation to fit particular religious needs and to understand such divergences it is necessary to investigate the theological motives that lay behind them Particular topics here are those of baptism and marriage especially the still controversial question of how and with what discretion to treat divorce and remarriage La premi re s rie d articles de cette collection examine la nature et la source de l autorit des v ques de l Eglise primitive Ceci est abord en termes politiques au travers d tude sur Justin le Martyr ainsi qu en termes spirituels Charles Munier tout en reconnaissant Tertullien pour avoir t le premier formuler la doctrine de la succession apostolique retrace aussi la voie parcourue ult rieurement par ce dernier vers l affirmation de la supr macie de l autorit du Saint Esprit sur celle r present e par l Eglise orthodoxe Les tudes suivantes se tourent vers un domaine compl mentaire de l eccl iologie celui de la sollicitude pastorale L auteur souligne la grande diversitie de liturgies et de rites qui ont toujours eu cours au sien de l Eglise selon lui on voit l le reflet d un processus d adaptation constant destin a r pondre des besoins

Marriage and Sexuality in Early Christianity David G. Hunter, 2018-05-01 Marriage and Sexuality in Early Christianity is part of Ad Fontes Early Christian Sources a series designed to present ancient Christian texts essential to an understanding of Christian theology ecclesiology and practice The books in the series make the wealth of early Christian thought available to new generations of students of theology and provide a valuable resource for the church Developed in light of recent patristic scholarship the volumes provide a representative sampling of theological contributions from both East and West The

series provides volumes that are relevant for a variety of courses from introduction to theology to classes on doctrine and the development of Christian thought The goal of each volume is not to be exhaustive but rather to be representative enough to denote for a nonspecialist audience the multivalent character of early Christian thought allowing readers to see how and why early Christian doctrine and practice developed the way it did **The Inspiration and Truth of Scripture** Aaron

Pidel, Aaron Pidel, SJ, 2023-05-05 What does it mean to say that Scripture is God's Word And just how true is the Bible Though sometimes dismissed as fundamentalist concerns these questions also sent twentieth century Catholic theology searching for a new paradigm of biblical inspiration Theologians repeatedly attempted to reconcile the traditional conviction that the Bible shares in the omniscience of its divine author with scholarly findings that suggested otherwise Joseph Ratzinger contributed both negatively and positively to this project deconstructing the regnant manualist models of inspiration and constructing an alternative inspired by St Bonaventure The result is an ecclesial model of surprising comprehensiveness and balance Indeed The Inspiration and Truth of Scripture concludes that Ratzinger's alternative provides the least inadequate paradigm currently on offer today The Inspiration and Truth of Scripture breaks new ground in several ways First it situates Ratzinger within a broader Catholic quest for a theology of inspiration showing his model offers advantages even relative to those proposed by modern theology's most eminent minds John Henry Newman Pierre Benoit Karl Rahner and David Tracy Secondly this book shows how Ratzinger's paradigm generates tests for identifying the perennially valid affirmations of Scripture and thus an approach to resolving disputed biblical questions Must one who accepts the authority of Scripture believe in the Devil Are the Marian dogmas really in Scripture To what extent does Jesus's prohibition of divorce still apply in today's changed social circumstances Just how historical are Gospel narratives like the Last Supper intended to be The result is a book that bridges the gap between normative theology and historical exegesis Overall The Inspiration and Truth of Scripture presents Ratzinger not as an unimaginative enforcer of doctrinal conclusions but as a creatively faithful theologian whose reconfiguration of inspiration should serve as the point of departure for all future reflection on the subject

*Marriage and Virginit*y Saint Augustine, 1996-05 This volume presents new translations of five of Augustine's works The Excellence of Marriage Holy Virginity The Excellence of Widowhood Adulterous Marriages and Continence The volume is to be commended on several points The translation itself is in eminently readable clear English that should be accessible to anyone interested in Augustine The general introduction does an excellent job of placing these works in the context of Augustine's career showing how Augustine reacts to controversies with the Manichees Jovinian Jerome and the Pelagians while maintaining a commitment to the threefold goods of marriage procreation fidelity and sacrament This is a wonderful collection that allows readers to see the complexity of Augustine's thought on a difficult topic Kim Paffenroth *Journal of Early Christian Studies* **The Works of Saint Augustine: v. 1. The Confessions** Saint Augustine (of Hippo), 1990 A Greek-English Lexicon of the New Testament and Other Early Christian Literature Walter Bauer, 2010-11-02 Described as an

invaluable reference work Classical Philology and a tool indispensable for the study of early Christian literature Religious Studies Review in its previous edition this new updated American edition of Walter Bauer's Wörterbuch zu den Schriften des Neuen Testaments builds on its predecessor's staggering deposit of extraordinary erudition relating to Greek literature from all periods Including entries for many more words the new edition also lists more than 25 000 additional references to classical intertestamental Early Christian and modern literature In this edition Frederick W Danker's broad knowledge of Greco Roman literature as well as papyri and epigraphs provides a more panoramic view of the world of Jesus and the New Testament Danker has also introduced a more consistent mode of reference citation and has provided a composite list of abbreviations to facilitate easy access to this wealth of information Perhaps the single most important lexical innovation of Danker's edition is its inclusion of extended definitions for Greek terms For instance a key meaning of episkopos was defined in the second American edition as overseer Danker defines it as one who has the responsibility of safeguarding or seeing to it that something is done in the correct way guardian Such extended definitions give a fuller sense of the word in question which will help avoid both anachronisms and confusion among users of the lexicon who may not be native speakers of English Danker's edition of Bauer's Wörterbuch will be an indispensable guide for Biblical and classical scholars ministers

seminarians and translators **Porneia** Aline Rousselle, 2013-01-07 Porneia means fornication unchastity desire for another's body Drawing on Roman and Greek works of science medicine gynecology and law and on Christian and pagan religious texts Aline Rousselle discovers the intimate fears passions superstitions and ambitions of the people of the Mediterranean world during the first four centuries AD The first part of the book describes Roman notions of male and female sexuality attitudes to fertility inheritance child care and training legal restraints on sexual behavior concubinage and divorce and the extraordinary rituals of orgy castration and sacrifice associated with ancient rites of fertility and spirituality Yet the sexual problems of antiquity will be seen in many respects to be almost exactly those of the contemporary West from fear of impotence to the concern of parents about teenage misbehavior The second part of the work is concerned with the impact of Christian ideas upon a settled pagan tradition Abstinence once associated with the enhancement of fertility becomes the key to salvation The first monastic regimes and the means by which men and women curtailed and overcame their desire for one another are described in detail Centuries of concern with fertility became in this revolutionary period an obsession with chastity in this world and a secure place in the next This is a tour de force of scholarship and historical anthropology The author's argument may be controversial but few can fail to be fascinated by the evidence she marshals to support it

Catholic Dogmatic Theology: a Synthesis Nicolas Op Jean-Hervé, 2024-05 Every discipline including theology requires a synthetic overview of its acquisitions and open questions a kind of topography to guide the new student and refresh the gaze of specialists In his Synthèse dogmatique Fr Jean Hervé Nicolas OP 1910 2001 presents just such a map of Thomistic theology focusing on the central topics of Dogmatic Theology The One and Triune God Christology Mariology Ecclesiology

the Sacraments and the Last Things Drawing on decades of research and teaching Fr Nicolas synthetically presents these topics from a faithfully Thomistic perspective While broadly and genially engaging the theological literature of the 20th century he nonetheless remains deeply indebted to the Thomistic school that would have formed him in his youth as a theologian This provides the reader with an unparalleled theological vision masterfully bringing forth at once what is new and what is classical Catholic Theology A Dogmatic Synthesis is being published in English as a multi volume work In this volume Fr Nicolas takes up the *raison d'être* for the mission of the Holy Spirit the work of sanctification in and through the Church the mystical body of Christ and sacrament of salvation In the ecclesiology articulated in this volume he presents a theology of the Church that is at once wholly Thomistic and also faithful to the great themes of the Second Vatican Council drawing especially from the works of Journet Congar and Bouyer in critical dialogue with other theologians of his day He then presents a complete and detailed sacramental theology both concerning the nature of the sacraments in general as well as concerning each sacrament in particular carefully striving to balance positive and scholastic theology Serving as a professor for decades including at the University of Fribourg Fr Nicolas was at once a profound scholar and a masterful pedagogue Gathering the work of a lifetime into a single pedagogical narrative Fr Nicolas's Catholic Theology A Dogmatic Synthesis provides a resource for students and scholars alike In view of the hyper specialization of theology today this series of volumes provides readers with a synthetic and sapiential overview of the fundamentals of dogmatic theology from a robust and profound Thomistic perspective

The Early Text of the New Testament Charles E. Hill, Michael J. Kruger, 2012-06-14 This book is about the transmission of the New Testament text in the second and third centuries of early Christianity It explores the world of manuscripts scribes and early Christian textual culture

Marriage in the Western Church Philip Lyndon Reynolds, 2015-12-22 Marriage in the Western Church examines how marriage acquired a specifically Christian identity in the Western Church from the patristic through Carolingian periods It shows how theologians came to regard marriage as an ecclesiastical institution and how they developed a Christian theology of marriage The first part of the book deals with marriage and divorce in Roman and Germanic law Other parts deal with marriage and divorce in ecclesiastical law with the Latin Fathers distinction between the divine and human laws of marriage and with the customary stages by which persons became married Several chapters are devoted to Augustine's views on marriage and sexuality The author shows how the doctrine of indissolubility became the West's chief means of christianizing marriage and how theologians found here their preferred arguments for affirming the holiness and the sacramentality of marriage The author argues that the Western regime of indissolubility was the product of a fourth century reform movement This publication has also been published in paperback please click here for details

The Family in Late Antiquity Geoffrey Nathan, 2002-01-08 The Family in Late Antiquity offers a challenging well argued and coherent study of the family in the late Roman world and the influence of the emerging Christian religion on its structure and value Before the Roman Empire's political disintegration in the west

enormous political religious and cultural changes took place in the period of late antiquity This book is the first comprehensive study of the family in the later Roman Empire from approximately 300 AD to 550 AD Geoffrey Nathan analyses the classical Roman family as well as early Christian notions of this most basic unit of social organisation Using these models as a contextual backdrop he then explores marriage children domestic servitude and other familial institutions in late antiquity He brings together a diverse collection of sources transcending traditional studies that have centred on the legal record

Biblica: Vol.52 , The Western Case for Monogamy over Polygamy John Witte, Jr,2015-04-30 For more than 2 500 years the Western tradition has embraced monogamous marriage as an essential institution for the flourishing of men and women parents and children society and the state At the same time polygamy has been considered a serious crime that harms wives and children correlates with sundry other crimes and abuses and threatens good citizenship and political stability The West has thus long punished all manner of plural marriages and denounced the polygamous teachings of selected Jews Muslims Anabaptists Mormons and others John Witte Jr carefully documents the Western case for monogamy over polygamy from antiquity until today He analyzes the historical claims that polygamy is biblical natural and useful alongside modern claims that anti polygamy laws violate personal and religious freedom While giving the pro and con arguments a full hearing Witte concludes that the Western historical case against polygamy remains compelling and urges Western nations to hold the line on monogamy

Leo the Great and the Spiritual Rebuilding of a Universal Rome Susan Wessel,2008-08-29 Leo the Great responded to the crisis of the western empire by replacing secular Rome with a Christian universal Rome that could survive its political demise His humanitarian theology emphasizing the human nature of Christ made this universal Rome legitimate

Establishing Boundaries F. j. e. Boddens Hosang,2010 Council texts from the eastern and western Mediterranean allow us to see how close relations were between Christians and Jews in late antiquity These texts give precise descriptions of the continuing close relations between the ordinary faithful Christians and Jews on a daily basis
