Highly complex syllable structure: A typological and diachronic study Shelece Easterday,2019-11-13 The syllable is a natural unit of organization in spoken language whose strongest cross linguistic patterns are often explained in terms of a universal preference for the CV structure Syllable patterns involving long sequences of consonants are both typologically rare and theoretically marginalized with few approaches treating these as natural or unproblematic structures This book is an investigation of the properties of languages with highly complex syllable patterns The two aims are i to establish whether these languages share other linguistic features in common such that they constitute a distinct linguistic type and ii to identify possible diachronic paths and natural mechanisms by which these patterns come about in the history of a language These issues are investigated in a diversified sample of 100 languages 25 of which have highly complex syllable patterns Languages with highly complex syllable structure are characterized by a number of phonetic phonological and morphological features which serve to set them apart from languages with simpler syllable patterns These include specific segmental and suprasegmental properties a higher prevalence of vowel reduction processes with extreme outcomes and higher average morpheme word ratios The results suggest that highly complex syllable structure is a linguistic type distinct from but sharing some characteristics with other proposed holistic phonological types including stress timed and consonantal languages The results point to word stress and specific patterns of gestural organization as playing important roles in the diachronic development of these patterns out of simpler syllable structures **The Code of Federal Regulations of the United States of America** ,2000 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government *AERO TRADER & CHOPPER SHOPPER, DECEMBER 1998* Causey Enterprises, LLC, **AERO TRADER, FEBRUARY 2009** Causey Enterprises, LLC, *Flying Magazine* ,1996-07 **AERO TRADER, DECEMBER 2008** Causey Enterprises, LLC, *Flying Magazine* ,1996-10
