Black Greek-letter Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead

The Chosen We Rachele Winkle-Wagner,2023-12-01 *The Chosen We* elevates the oral histories of 105 accomplished college educated Black women who earned success despite experiencing reprehensible racist and sexist barriers The central argument is that these women succeeded in and beyond college by developing a Chosen We a community with one another The book builds on their words and insights to offer a powerful rethinking of educational success that moves away from individualistic and competitive models and instead imagines success as a result of recognizing what people owe to one another It also uncovers the importance of the type of institutions that students attend for higher education comparing Black women s experiences not only by region and era but also by whether they attended a predominantly White institution PWI or a historically Black college or university HBCU *The Chosen We* features theoretical and methodological exemplars for how to conduct research across lines of difference The

The Kentucky African American Encyclopedia Gerald L. Smith, Karen Cotton McDaniel, John A. Hardin, 2015-08-28

The work of more than 150 writers, *The Kentucky African American Encyclopedia* is an essential guide to the black experience in the Commonwealth. Kentucky's impact on the national scene is registered in an array of notable figures such as writers William Wells Brown and bell hooks, reformers Bessie Lucas Allen and Shelby Lanier Jr, sports icons Muhammad Ali and Isaac Murphy, civil rights leaders Whitney Young Jr and Georgia Powers, and entertainers Ernest Hogan, Helen Humes, and the Nappy Roots. Featuring entries on the individuals, events, places, organizations, movements, and institutions that have shaped the state's history since its origins, the volume also includes topical essays on the civil rights movement, Eastern Kentucky coalfields, business, education, and women. For researchers, students, and all who cherish local history, *The Kentucky African American Encyclopedia* is an indispensable reference that highlights the diversity of the state's culture and history. **Hope in the Struggle** Josie R. Johnson, Arleta Little, Carolyn Holbrook, 2019-03-26 How a Black woman from Texas became one of the most well-known civil rights activists in Minnesota, detailing seven remarkable decades of fighting for fairness in voting, housing, education, and employment. Why do you continue to work on issues of justice, young Black people ask Josie Johnson today, then perhaps in the same breath, How do you maintain hope? This book, a lifetime in the making, is Josie's answer. A memoir about shouldering the cause of social justice during the darkest hours and brightest moments for civil rights in America and specifically in Minnesota, *Hope in the Struggle* shines light on the difference one person can make. For Josie Johnson, this has meant making a difference as a Black woman in one of the nation's whitest states. Josie's story begins in a tight-knit community in Texas where the unfairness of the segregated South, so antithetical to the values she learned at home, sharpened a sense of justice that guides her to this day. From the age of fourteen when she went door-to-door with her father in Houston to campaign against the Poll Tax to the moment in 2008 when, as a delegate at the Democratic National Convention, she cast her vote for Barack Obama for president, she has been at the forefront of the politics of civil rights. Her memoir offers a close-up picture of what that struggle has entailed, whether working as a community organizer for the Minneapolis Urban League or lobbying for fair housing and employment laws, investigating civil rights abuses or co-chairing the Minnesota delegation to the March on Washington, becoming the first African American to serve on the University of Minnesota's Board of Regents or creating the university's Office of the Associate Vice President for Academic Affairs with a focus on minority affairs and diversity. An intimate view of civil rights history in the making, *Hope in the Struggle* is a uniquely inspiring life story for these current dark and divisive times, a testament to how one determined soul can make the world a
