trudging along a San Francisco beach on a crisp December night widower Ridley only wanted one thing to deal with his haunting pain in isolation He didn't want a shoulder to cry on He didn't want to be pursued by Marisol the woman whose allure he could not resist And he certainly didn't want to discover he was being hunted by a being from another universe That choice is taken from him when a rift to another world opens above the moonlit sands Thrown in with a cabal that rides the interdimensional tides to police the borders between realities he learns he could be the catalyst for epic destruction Taking up the cause with his new companions Ridley must help them uncover who's after him and why while coming to terms with the emotional turmoil consuming him His feelings and courage are put to the test when a new target is painted on Marisol These are his first steps into the Realms of the Quanta a multiverse of infinite diversity where each reality is governed by its own laws of nature and metaphysics The sole commonality they all share is that very few ever learn of their sister dimensions But someone has and is lashing out from the shadows putting Ridley's life in the crosshairs and threatening to shatter the pillars of the Quanta itself A Note From the Author 80's Amblin Style Adventure for the 21st Century For me it began in 2010 My hope was to fill a void I myself had been feeling by providing a story I found intriguing I wanted to read something rousing and perilous that allowed me to experience captivating worlds and introduced me to relatable characters I wanted a sense of discovery wonder and excitement Most of all I wanted something fun The end result is the trilogy of novels making up the Realms of the Quanta The characters you'll meet while good humored are people of deep compassion and feeling struggling to overcome loss the results of their own sins and sometimes both In other words they reflect us As their paths collide they are challenged to meet the demands of their own convictions Within you'll find a story of human adventure set in a variety of exotic alien landscapes Some are opulent others frightening Some are vibrant others barren All are meant to stir your imagination as you embark on a three book odyssey that begins here and stretches beyond the edge of creation
