Atta Boy, Joe! John Lanuti, 2003-07 Miss the old days when the best place in the world was your grandfather s house Well rekindle that family spirit through the stories in this book and relive some of those fond memories Watch as a boy and his grandfather his Gumpa pronounced GOOM pah grow together in the small upstate New York town of Endwell Laugh as their light hearted enchanting adventures enjoy a fun and carefree Gumpa flair taking them from barbers to nursing homes to football to homework and oftentimes to Gumpa s house Learn from Gumpa s unique spin on the world as he teaches valuable lessons about life love and self Be humbled as Gumpa gives of himself without concern placing the needs of others before his own As you wonder if he can do and deal with anything discover no man can take the world on alone Be inspired when together they must come to grips with their greatest obstacle yet death There is nothing quite like the bond shared between grandson and grandfather because there is nothing quite like the love of a grandparent and ultimately the love of a family Read it and then read it again Or better yet go call your grandfather *The Right Kind of Crazy* Clint

Emerson, 2020-06-02 Clint Emerson retired Navy SEAL and author of the bestselling 100 Deadly Skills presents an explosive darkly funny and often twisted account of being part of an elite team of operatives whose mission was to keep America safe by whatever means necessary Clint Emerson is the only SEAL ever inducted into the International Spy Museum Operating from the shadows with an instinct for running towards trouble his unique skill set made him the perfect hybrid operator Emerson spent his career on the bleeding edge of intelligence and operations often specializing in missions that took advantage of subterfuge improvisation the best in recon and surveillance tech to combat the changing global battlefield

MacGyvering everyday objects into working spyware was routine and fellow SEALs referred to his activities simply as special shit. His parameters were find, fix, and finish, and of course, leave no trace. *The Right Kind of Crazy* is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy, but it does make for damn good stories.
