My Mother In Law Drinks:

Syd Arthur Ellen Frankel, 2011-04-01 Prince Siddhartha raised behind palace walls and showered with every extravagance abandoned his protected life to embark on a spiritual journey. He ultimately reached enlightenment and became known as the Buddha, which means one who is awake. He then spent his life teaching that all have the potential to awaken. Meet Syd Arthur. Living in the cloistered world of suburbia, Syd is a middle-aged Jewish woman who is potentially awake but likes to start her day with a strong cup of coffee just in case. Her daughter has just left for college and her diet is once again off track. While for most of her life she's been convinced that happiness can be attained by a magic number on the bathroom scale or a really great shopping day at Bloomingdale's, she finds herself in the grocery store with an empty cart wondering if there just might be something more. When East unexpectedly meets West, Syd embarks on a journey as a spiritual seeker. Soon she's in over her chakras as her search takes her from yoga studio to meditation hall to ashram gift store to the pages of Zensational catalogue. Her Mah Jongg group insists it's merely a midlife crisis. But nothing's going to stop Syd's journey toward Nirvana, not even the hottest sale at Nordstrom's. Follow Syd as she finds her bliss and discovers a richness that rivals a Godiva truffle. Making for one delicious enlightenment. What do you wear to the meditation center? I had asked Montana. I mean, when I go to temple, I usually wear a suit. Sometimes a pantsuit but mostly a skirt and a blazer. Okay, you definitely don't need to wear a suit. Syd, just wear something comfortable to sit in. And I promise you, Om, Guru is not about the clothes. No one cares what you wear. People there are concerned about the inner you, about your journey to realize and meet the Self. I thought for a minute and then said, So let me ask you, it this way. When I meet my Self, should I meet her in country club casual or something more dressy.

The Story Book Drink Book Dewey Henry, 2020-02-18 I finished this book on July 2, 2019, which would have been my mom's eightieth birthday, so it's dedicated to her. You know, without our parents, we wouldn't be able to accomplish many things. First off, we wouldn't even be here. Ha. Oddly enough, my father was the storyteller of the family, not my mom, even though he was sort of quiet. I became a storyteller. Mom just told things as they happened. That's what I do. Honestly, that's how I became who I am, like mom was when she was raising us. It's weird, cause she was actually telling the truth about things as she saw them happen. Oh, her birthday. She used to say that her birthday was halfway to the end of the year. Most people would argue, No, it's not, it's July 1st. Well, if you count the days, you'll see she was right, depending on leap year. OMG. Actually, she is telling a story. I get this from her, so thanks, Mom. Miss you.

Les Mbengis - Migration, Gender, and Family Christina Atekmangoh, 2017-07-19 This book is about transnational migration, familiarly called bushfalling and remittance flows to Cameroon. With the current dire economic state, Cameroonians increasingly aspire to go abroad to make a living. Migrants achieve this through a collective family strategy and with the help of migration brokers. Relations between migrants and the family that stays in Cameroon can be characterized as follows. Families raise and educate their children to become adults. In return to giving their children the gift of life, families expect reciprocity best.

secured through economic success abroad and the sending of remittances by migrants As families in Cameroon heavily contribute to the funding of migration trajectories often by selling properties such as land or houses or borrowing money they also expect a return on their investments All that constitutes this study explores under the notion of the moral economy of transnational remittances In this study remittances are understood to be a composite of financial material and cultural flows maintaining and transforming social and kinship ties The book proposes also a large exploration of themes in relation to transnational migration why and how Cameroonians migrate the role of the operational family in terms of decision and funding the role of migration brokers through the identification of lines and the provision of the necessary papers the moral justification for migration the ways social relations and customs are changed by status gained through migration the ways people explain the failure of migration projects the difficulties to stay abroad the matrimonial strategies to go and stay abroad This is an empirically rich and theoretically sophisticated study that takes thinking on transnational migration informed by African strategies and experiences a step further
