

## FCC Notice to Users

Again, repeat only, you must verify your telephone utility company listing of your intention to install or permanently remove an FCC Part 68 registered device or system. Include the FCC Registration Number and the longer Equivalency Number (LEN) located on the amplifier base.

Therefore, for the right to make change to their network, which may affect the operation of your equipment, provided you are given adequate advance written notice to permit correct operation.

This device complies with part 68 of the FCC Rules and Regulations. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause unintended operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 68 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## Answering and Placing Calls

- 22 Put on the headset.

- 23 Set the headset/handset selector to headset position.

- 24 Lift the handset from the phone answer or press the call.

- 25 You can also move the battery up to 50 inches away from the base depending on the placement of your office. If you move out of this maximum range, you will hear a signal in the headset every 30 seconds.

- 26 To end the call, replace the handset on the phone.

## IC Notice to Users

The Industry Canada label identifies certified equipment. This certification means that the equipment meets telecommunications network protection, operational and safety requirements as prescribed in the applicable Technical Equipment Approval Documentation. The department does not guarantee the equipment will operate to the user's satisfaction.

Before installing this equipment, users should ensure that it is permissible to be connected to the facilities of the local telecommunications company. The equipment must also be installed using an acceptable method of connection. The customer should be aware that compliance with the above conditions may not prevent degradation of service in some situations.

Repairs to certified equipment should be coordinated by a representative designated by the supplier. Any repairs or alterations made by the user to this equipment, or equipment malfunctions, may give the telecommunications company cause to request the user to disconnect the equipment.

Users should ensure for their own protection that the electrical ground connections of the power utility, telephone lines and internal metallic cable pair systems, if present, are connected together. This precaution may be particularly important in high surge areas. Caution: Users should not attempt to make such connections themselves, but should contact the appropriate electric inspection authority or electrician, as appropriate.

**NOTICE:** The longer Equivalency Number (LEN) assigned to each terminal device provides an indication of the maximum number of terminals allowed to be connected to a telephone network. The connection of an interface may consist of any combination of devices subject only to the requirement that the sum of the longer equivalency numbers of all the devices does not exceed 5.

## Adjusting the Receive Volume

- 29 To increase or decrease the volume, press the upper 1 or lower 0 part of the dual volume control on the headset. When the volume reaches maximum or minimum, you will hear a signal in your headset.

## Muting the Microphone

- 30 To talk without the other party hearing you, press the mute button on the headset. When the mute phone is muted, you will hear a signal every 3 seconds. When the mute function is on, you can still hear the other party.

## Recharging the Battery

- 31 To ensure optimum battery life, when not in use, place the headset on the base with the headset/handset selector in the handset position. The battery-charging indicator illuminates during recharging. It takes 8 hours to fully charge the battery. When fully charged, the indicator flashes. A fully charged battery provides 1 hour of talktime. If battery power gets low, you will hear a signal in your headset every 30 seconds.
