Blue Revolution Cynthia Barnett, 2012-09-04 Americans see water as abundant and cheap we turn on the faucet and out it gushes for less than a penny a gallon We use more water than any other culture in the world much to quench what s now our largest crop the lawn Yet most Americans cannot name the river or aquifer that flows to our taps irrigates our food and produces our electricity And most don t realize these freshwater sources are in deep trouble Blue Revolution exposes the truth about the water crisis driven not as much by lawn sprinklers as by a tradition that has encouraged everyone from homeowners to farmers to utilities to tap more and more But the book also offers much reason for hope Award winning journalist Cynthia Barnett argues that the best solution is also the simplest and least expensive a water ethic for America Just as the green movement helped build awareness about energy and sustainability so a blue movement will reconnect Americans to their water helping us value and conserve our most life giving resource Avoiding past mistakes living within our water means and turning to local water as we do local foods are all part of this new blue revolution Reporting from across the country and around the globe Barnett shows how people businesses and governments have come together to dramatically reduce water use and reverse the water crisis Entire metro areas such as San Antonio Texas have halved per capita water use Singapore s closed water loop recycles every drop New technologies can slash agricultural irrigation in half businesses can save a lot of water and a lot of money with designs as simple as recycling air conditioning condensate The first book to call for a national water ethic Blue Revolution is also a powerful meditation on water and community in America Office 2010 Library John Walkenbach, Michael R. Groh, Herb Tyson, Faithe Wempen, 2010-11-17 A must have collection of Office 2010 application Bibles written by the world s leading experts Talk about a bargain Office 2010 Library offers enormous savings on four invaluable resources that boast nearly 5 000 pages and cover the core Office programs Excel Access PowerPoint and Word The world s leading experts of these applications provide you with an arsenal of information on the latest version of each program Three CDs are also included that feature bonus material including helpful templates worksheets examples and more to enhance your Microsoft Office 2010 experiences Features four essential books on the most popular applications included in the Office 2010 suite Excel Access PowerPoint and Word Excel 2010 Bible serves as an indispensable reference for Excel users no matter your level of expertise and updates you on the latest Excel tips tricks and
