Willard Grosvenor Bleyer,2016-05-03 This book is the result of twelve years experience in teaching university students to write special feature articles for newspapers and popular magazines By applying the methods outlined in the following pages young men and women have been able to prepare articles that have been accepted by many newspaper and magazine editors The success that these students have achieved leads the author to believe that others who desire to write special articles may be aided by the suggestions given in this book Although innumerable books on short story writing have been published no attempt has hitherto been made to discuss in detail the writing of special feature articles In the absence of any generally accepted method of approach to the subject it has been necessary to work out a systematic classification of the various types of articles and of the different kinds of titles beginnings and similar details as well as to supply names by which to identify them A careful analysis of current practice in the writing of special feature stories and popular magazine articles is the basis of the methods presented In this analysis an effort has been made to show the application of the principles of composition to the writing of articles Examples taken from representative newspapers and magazines are freely used to illustrate the methods discussed To encourage students to analyze typical articles the second part of the book is devoted to a collection of newspaper and magazine articles of various types with an outline for the analysis of them Particular emphasis is placed on methods of popularizing such knowledge as is not available to the general reader This has been done in the belief that it is important for the average person to know of the progress that is being made in every field of human endeavor in order that he may if possible apply the results to his own affairs **How to Write Your Nursing Dissertation** Alan Glasper,Diane

How to Write a Research Paper: A Guide Book for Neophyte Students Dr. Rashmee Yadav, 2023-02-14 ABOUT THE BOOK The book How to write a Research Paper Guide book for neophyte students composed by three youngsters Dr Rashmee Yadav Dr Brij Vikash Singh and Dr Mithesh Verma is a fantastic effort in this direction They have covered almost all the areas of research paper writing process and how to write a research paper etc The book is based on the research paper writing process The author s main focused on this book How to write a Research Paper Guide Book for the neophyte students This book is helpful to students writing research paper in proper way because plenty of research papers are written every year But in many of them research methodology aspect is not given a considerable attention and because of which the research papers end up in just being endless words containing stories leading to less or no sense It should be noted that the quality in research articles comes from the extensive planning and in depth research before starting writing them actually This is true even for management research papers writing A research paper analyzes a perspective or argues a point Regardless of the type of research paper the researcher is writing the researcher should present his own thinking backed up

by others ideas and information Research paper as a result of the research in the teaching of writing discussions with colleagues and own experiences we have developed a detailed approach to writing research papers and the approach is presented here Instead of focusing on one research paper we have focused on the process of research writing through a series of shorter writing exercises Students begin by having to carefully think about a topic of research and by developing a working idea They then write a series of shorter essays that explore that topic All along the way students are continuing to research and revise their working proposal so that by the end of the term their thinking about their original topic of research has evolved This book
