Teaching Academic Literacy Katherine L. Weese, Stephen L. Fox, Stuart Greene, 1999-02-01 Teaching Academic Literacy provides a unique outlook on a first year writing program's evolution by bringing together a group of related essays that analyze from various angles how theoretical concepts about writing actually operate in real students writing Based on the beginning writing program developed at the University of Wisconsin Madison a course that asks students to consider what it means to be a literate member of a community the essays in the collection explore how students become and what impedes their progress in becoming authorities in writing situations Key features of this volume include demonstrations of how research into specific teaching problems e.g. the problem of authority in beginning writers work can be conducted by examining

student work through a variety of lenses such as task interpretation collaboration and conference so that instructors can understand what factors influence students and can then use what they have learned to reshape their teaching practices adaptability of theory and research to develop a course that engages basic writers with challenging ideas a model of how a large writing program can be administered particularly in regards to the integration of research and curriculum development and integration of literary and composition theories

Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching Hodges, Tracey S.,2022-05-27 Writing is a critical component for teaching children about advocacy and empowering student voice as well as an essential tool for learning in many disciplines Yet writing instruction in schools often focuses on traditional methods such as the composition of five paragraph essays or the adherence to proper grammatical conventions While these are two components of writing instruction and preparation in education they only provide a small glimpse into the depth and breadth of writing As such writing instruction is increasingly complex and requires multiple perspectives and levels of skill among teachers The Handbook of Research on Writing Instruction Practices for Equitable and Effective Teaching serves as a comprehensive reference of issues related to writing instruction and leading research about perspectives methods and approaches for equitable and effective writing instruction It includes practices beyond K 12 including best writing practices at the college level as well as the development of future teachers Providing unique coverage on culturally relevant writing socio and racio linguistic justice and urgent writing pedagogies this major reference work is an indispensable resource for administrators and educators of both K 12 and higher education pre service teachers teacher educators libraries government officials researchers and academicians
