

Fluency for Transcription Editor 7.6 Now Available

We are pleased to announce that our next release of Fluency for Transcription Editor (FFTE Editor) is now available. Realized in this single release are the enhancements initiated in FFTE Editor 7.5 along with the features introduced in FFTE Editor 7.6.

New Features

New with FFTE Editor 7.5:

The Document Checks feature is now more comprehensive and extends to all areas of the document, including the Demographics, ADT and CC List. This all-inclusive scan runs concurrently performing the familiar spelling, grammar and headings checks, while applying versatile customized rules. Results display in an easy to read layout allowing for the effective resolution of discrepancies culminating in a quality document.

New with FFTE Editor 7.6:

By popular demand, an upgrade to this version of FFTE Editor results in the patient's age conveniently displaying in the Job Summary. Pre-populated data feeds the auto-calculation and delivers the patient's age for ease of comparison thereby contributing to accuracy.

Review Training Materials

As a prerequisite, view the eMaterials available on the M*Modal Extranet Site at the path noted below. After watching the presentations, download the helpful reference materials including a User Guide. Training is estimated to take 60 minutes. When you have completed training, your HDSM will provide instructions to install FFTE Editor 7.6 so you can benefit from the new features.
