Motion To Extend Automatic Stay:

When You Have to File for Bankruptcy Matt Pelc, 2008 According to the United States Bankruptcy Courts the number of bankruptcies filed each year is on the rise People file bankruptcy for a variety of reasons such as preventing foreclosure on their homes preventing repossession of property loss of employment or reducing or eliminating debts The most common types of bankruptcy for which individuals file are Chapter 7 and Chapter 13 Chapter 7 involves the surrender of property to pay debts while a Chapter 13 bankruptcy allows for the retention of property but requires payments over the next three to five years This book is divided into three sections evaluating your need to file for bankruptcy how to file for bankruptcy and what to do after you have filed In the first section you will be provided with evaluation tools determine your eligibility learn how to check your credit report for accuracy and learn about the different types of bankruptcy for which you can file In the second section you will learn about the major changes in bankruptcy law bankruptcy lawyers alternatives to filing for bankruptcy bankruptcy code collection agencies exempt property nondischargeable debts what bankruptcy can and cannot accomplish the automatic stay provision foreclosure tax levies bankruptcy fees the 341 meeting bankruptcy myths the initial consultation with your lawyer and bankruptcy timelines You will learn the answers to some of the most common questions about bankruptcy such as Will creditors stop harassing me Will my spouse be affected Who will know about my filing Will I ever get credit again What does it cost The final section will provide a brief overview of what to do after you have gone through the bankruptcy process We will address the issues of how to get car loans and home loans and how to build credit after bankruptcy Whether you are filing for bankruptcy for the first time or unfortunately you have been through it before **When You Have to File for Bankruptcy** will provide insight into the complex and burdensome process Atlantic Publishing is a small independent publishing company based in Ocala Florida Founded over twenty years ago in the company president e tm s garage Atlantic Publishing has grown to become a renowned resource for non fiction books Today over 450 titles are in print covering subjects such as small business healthy living management finance careers and real estate Atlantic Publishing prides itself on producing award winning high quality manuals that give readers up to date pertinent information real world examples and case studies with expert advice Every book has resources contact information and web sites of the products or companies discussed *The New Bankruptcy Code* Sally M. Henry, 2007 This new Second Edition of *The New Bankruptcy Code* reports on the changes Congress made to bankruptcy laws in 2005 by taking a look at reported case law unreported cases and pulled orders and also offers answers to commonly asked questions This essential guidebook written in an engaging question and answer format is a must have for practitioners in the trenches **Starting a Solo Law Firm 2021 Edition** Attorney Robert Schaller, 2021-01-14 Attorney Robert Schaller and the Schaller Law Firm offer young lawyers in **Starting a Law Firm in 2020 2021** a must have desk reference book for building a law firm Lawyers should invest in their future Young lawyers worked hard in college and again in law school Now it is time to reap the rewards of the intensive legal

training Earn the profits deserved Develop pride and earn respect from your peers Any lawyer who possesses a heartfelt desire to build a respected legal career along with the vision and drive to succeed should read and embrace the steps set forth in this book This book is dedicated to the young lawyers who are unfulfilled working as associates for other lawyers or who recently graduated from law school with the courage to hang out a shingle and start their own law firm This book provides concrete guidance about issues the author wished someone had taught him before he started his own law firm Some lawyers have the courage to open a solo practice law firm Other lawyers start a law firm with one or two other lawyers they know and trust There is strength in numbers It is appealing to young lawyers in particular to have a law school classmate or fellow associate nearby for support Others establish an affiliation with an existing firm Sometimes a lawyer needs another lawyer to brainstorm and bounce ideas around Deciding whether to start a law firm is a tough decision You gain the freedom described above but you lose the security of working for an established firm as an associate But is that freedom In the short run a young lawyer likes the security of knowing a paycheck is coming twice a month But all private practice lawyers ultimately realize that they eat what they kill Therefore the early shelter and protection offered by an established firm is lost after a few years when the developing lawyer is required to either leave the firm or develop a pool of clients that generate sufficient profits for the firm to justify the lawyer s salary In essence the lawyer has to develop the lawyer s own profit center or the lawyer s own solo firm within the firm Either way the lawyer has to know how to start a practice and thrive This book will help striving lawyers get on the path to success
