Fundamentals of Investing Lawrence J. Gitman, Michael D. Joehnk, Scott Smart, Roger H. Juchau, 2015-05-20 What are the best investments for me? What about risk? Do I need professional help with my investments and can I afford it? Mastering the language concepts, vehicles, and strategies of investing can be challenging. Fundamentals of Investing shows how to make informed investment decisions, understand the risks inherent in investing, and how to confidently shape a sound investment strategy. Fundamentals of Investing 3rd edition is completely updated and introduces core concepts and tools used by Australian investors, providing a firm understanding of the fundamental principles of investments. Focusing on both individual securities and portfolios, students learn how to develop, implement, and monitor investment goals after considering the risk and return of both markets and investment vehicles. Fundamentals of Investing is suitable for introductory investments courses offered at university undergraduate or post graduate level, as well as colleges, professional certification programs, and continuing education courses. *Managerial Finance* Lawrence J.
