Hangover Square A Story Of Darkest Earls Court:

Hangover Square Patrick Hamilton, 2016-08-04 The seventy fifth anniversary edition with a new introduction by Anthony Quinn I recommend Hamilton at every opportunity because he was such a wonderful writer and yet is rather under read today All his novels are terrific Sarah Waters If you were looking to fly from Dickens to Martin Amis with just one overnight stop then Hamilton is your man Nick Hornby Patrick Hamilton's novels were the inspiration for Matthew Bourne's new dance theatre production *The Midnight Bell* London 1939 and in the grimy publands of Earls Court George Harvey Bone is pursuing a helpless infatuation Netta is cool contemptuous and hopelessly desirable to George George is adrift in a drunken hell except in his dead moments when something goes click in his head and he realises without a doubt that he must kill her In the darkly comic *Hangover Square* Patrick Hamilton brilliantly evokes a seedy fog bound world of saloon bars lodging houses and boozing philosophers immortalising the slang and conversational tone of a whole generation and capturing the premonitions of doom that pervaded London life in the months before the war *Hangover Square* Patrick Hamilton, 1941

Hangover Square , 1972 **Hangover Square** Patrick Hamilton, John Boynton Priestley, 2009 *Hangover Square* Patrick Hamilton, 2006 George Harvey Bone a perpetual drunk in 1930s London is driven to the edge by his alcoholism self loathing and obsession with Netta an attractive but cruel small time actress *Hangover Square* Patrick Hamilton (novelist.), 1948 Hangover Square Patrick Hamilton, 1974 *The Queer Cultures of 1930s Prose* Charlotte Charteris, 2019-01-04 Offering a radical reassessment of 1930s British literature this volume questions the temporal limits of the literary decade and broadens the scope of queer literary studies to consider literary historical responses to a variety of behaviours encompassed by the term queer in its many senses Whilst it is informed by the history of sexuality in twentieth century Europe it is also profoundly concerned with what Christopher Isherwood termed the market value of the Odd Drawing for its methodology on the work of Raymond Williams it traces the impact of the Great War on the development of language examining the use of ten keywords in the prose of Christopher Isherwood Evelyn Waugh and Patrick Hamilton and that of their respective literary milieux in order to establish how queer lives and modern sub cultural identities were forged collaboratively within the fictional realm By utilizing contemporary perspectives on performativity in conjunction with detailed close readings it repositions these authors as self conscious agents actively producing their own queer masculinities through calculated acts of linguistic transgression Hangover Square Patrick Hamilton, 1941 **Hangover Square; Or, The Man with Two Minds** Patrick Hamilton, 1942 *Literature and Sound Film in Mid-Century Britain* Lara Ehrenfried, 2025-03-27 What happened to cinema and literature when synchronized sound was introduced to the film industry in the late 1920s *Literature and Sound Film in Mid Century Britain* studies the paths of film and text following this event It asks how British cinema responded to the introduction of sound and how mid century literature took up the challenge of the synchronized audio visual entertainment experience offered by this media change By examining the

technological and industrial histories of film and its narrative strategies and by drawing links to twentieth century literary culture this study offers a new way of approaching mid century writing and its media ecology Developing innovative audio visual close readings this book offers a multi sensory multi media approach that reframes the relationships between cinema and literature in the twentieth century The study addresses a wide range of film genres such as musical film screwball comedy the thriller documentary and melodrama alongside the writings of a large group of authors including Elizabeth Bowen Patrick Hamilton Evelyn Waugh Lewis Grassie Gibbon Henry Green Jean Rhys Ivy Compton Burnett and Eric Ambler It covers an expansive range of films and texts of the 1930s and 1940s and invites readers to comprehensively rethink mid century media culture by arguing for a growing synergy of film and text

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has

established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Hitchcock at the Source R. Barton Palmer, David Boyd, 2011-09-01 The adaptation of literary works to the screen has been the subject of increasing and increasingly sophisticated critical and scholarly attention in recent years but most studies of the subject have continued to privilege literature over film by taking the literary sources as their starting point Rather than examining the processes by which a particular author has been adapted into a diversity of films by different filmmakers the contributors in Hitchcock at the Source consider the processes by which a varied range of literary sources have been transformed by one filmmaker into an impressive body of work Throughout his career Alfred Hitchcock transformed a variety of literary sources novels plays short stories into what is arguably the most coherent and distinctive narratively stylistically and thematically of all directorial oeuvres After an introduction surveying the nature and diversity of Hitchcock's sources and locating the current volume in the context of theoretical work on adaptation nineteen original essays range across the entirety of Hitchcock's career from the silent period through to the 1970s In addition to addressing the process of adaptation in particular films in terms of plot and character the contributors also consider less obvious matters of tone technique and ideology Hitchcock's manipulation of the conventions of literary and dramatic genres such as spy fiction and romantic comedy and more general problems such as Hitchcock's shift from plays to novels as his major sources in the course of the 1930s
