Ethnography and Law Eve Darian-Smith, 2017-11-30 Ethnographies of law are historically associated with anthropology
and the study of far away places and people In contrast this volume underscores the importance of ethnographic research in
analyzing law in all societies particularly complex developed nations By exploring recent ethnographic research by socio
legal scholars across a range of disciplines the volume highlights how an ethnographic approach helps in appreciating the
realities of legal pluralism the subtle contradictions in any legal system and how legal meaning is constantly reproduced on
the ground through the cultural frames and practices of peoples everyday lives **An Uncommon Cape** Eleanor Phillips
Brackbill, 2012-09-07 When Eleanor Phillips Brackbill bought her suburban Westchester house in 2000 three mysteries came
with it First from the former owner came the information that the 1930s house was a Sears house or something like that
Thrilled to think it might be a Sears Roebuck Co mail order house Brackbill was determined to find evidence to prove it She
found instead a house pedigree of a different sort Second and even more provocative was the discovery of several iron stakes
protruding from the property s enormous granite outcropping bigger in square footage than the house itself When queried
about them the former owner told her Someone a long time ago kept monkeys there chained to the stakes Monkeys Was this
some kind of suburban legend A third mystery came to light at closing when a building inspector s letter contained a
reference to the house having had at one time a different address Why would the house have had another address Her
curiosity aroused and intent upon finding the facts Brackbill gradually peeled back layers of history allowing the house and
the land to tell their stories and uncovering a past inextricably woven into four centuries of American history At the same
time she found thirty two owners across 350 years who had just one thing in common ownership of a particular parcel of land
An Uncommon Cape not only tells the story of an eight year odyssey of fact finding and speculation but also answers the
broader question What came before and through material presented in twenty two sidebars offers readers insights and

guidelines on how to find the stories behind their own homes *ABA Journal* ,1976-06 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Publication Design** Roy Paul Nelson,1991 Black Enterprise ,2000-06 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance **The Video Source Book** ,1992 **Atlanta Magazine** ,2003-04 Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region Books in Print Supplement ,2002 **Catalog of Copyright Entries.
