*Youth Ministry* David Olshine, 2013-10-15 The Youth Ministry movement has become a monument Youth leaders are doing so much work and it all seems worthy It's big important stuff But leaders across the nation quietly suspect that the more we do the less effective we seem to be in reaching young people All those retreats and camps books and seminars conferences and leadership

symposiums what difference do they make in young lives today As technology accelerates spiritual apathy increases Young people are biblically illiterate bored and find the church to be irrelevant Parents are frustrated Youth leaders are burned out And high school and college students if they ever attended are leaving the church by the droves What on earth has gone wrong Youth Ministry What's Gone Wrong How to Get It Right shines a revealing light on standard youth ministry practices and helps the reader to see what needs to change The book is full of practical ideas that work in real churches and includes voices from the trenches perspectives from current youth ministry leaders Deep down inside young people want life to matter The church has something important to offer but we have to start getting it right **The Bible Study Union Lessons**, 1912

*On the Road to Find Out* Cherie Bell, 2014-04-22 On the Road to Find Out an MLS Journey begins with a crisis that eventually turns into inner exploration and world travel Cherie Bell writes with humor and honesty of her decision to return to college after almost thirty years to work on a liberal studies degree in graduate school Her intention was to focus on world religion and philosophy but varied interests led her to courses that would take her around the world She writes in detail about her journeys to India and to World War II sites in England and France More poignantly she reveals how liberal arts studies became a journey into the self and exploration of the mind and soul Teaching Religious Education 4-11 Derek Bastide, 2006-12-18 This second edition is an accessible practical guide for primary teachers It covers the teaching of RE at the Foundation Stage Key Stage 1 and Key Stage 2 **The Westminster Study Bible** Westminster John Knox Press, 2024-10-01 The Westminster Study Bible WSB is the first entirely new study Bible to utilize the recently released New Revised Standard Version Updated Edition Soon to be an essential tool for all religious studies contexts The Westminster Study Bible includes interpretive materials from over eighty leading biblical experts who as teachers in a variety of educational settings are sensitive to how the biblical texts have been received what their cultural and social consequences have been and how readers might hear them now in multiple contexts The Westminster Study Bible also pays close attention to the interdisciplinary connections that contemporary students teachers and other readers from diverse backgrounds will find both useful and relevant It is an ideal textbook for a range of biblical studies courses as well as courses in religion philosophy and the general humanities whether introductory or advanced The Westminster Study Bible's emphasis on the cultural framing of the Bible's theological historical literary and philosophical elements allows it to be useful beyond the university and seminary classrooms aiding teachers in religious congregations and organizations with their ministries as well Reading and engaging the Bible today is not as simple as discovering what it meant in its time in order to determine what it means for all time All readers whether students or instructors clergy or general readers religious or nonreligious bring their own perspectives to the interpretation of the Bible The themes and ideas that matter to twenty first century readers tend to resonate with our present situations in some way The Westminster Study Bible takes this interactive dynamic between historical and contemporary interpretations seriously Through study notes thematic excursions and a range of illuminating

Banks,John S. Knox,2025-01-09 For Christians the crucifixion and resurrection of Jesus Christ are quintessential subjects as Jesus died on the cross and rose on the third day Unfortunately even after reading about the life of Jesus in the Bible and all that he has done and promised to do in the coming age many people choose to dispute the traditional story of Jesus Christ These skeptics have embraced other heterodox theories concerning the crucifixion such as the Swoon Theory which warrant a response Their interpretation whether it be based on genuine unfamiliarity or a lack of belief in who Jesus is cries out for clarification and correction This book seeks to help guide those towards the truth of Scripture that Jesus physically died on the cross and miraculously arose just three days afterward Therefore by investigating the circumstances surrounding the events of the crucifixion detailing what is medically plausible and observing what is historically recorded this book sheds

greater light on the truths that Scripture asserts on the resurrection of Christ Sermon-Booster Dramas Timothy J. Kurth,1997 **Yeshua, the Untold Story** Lee Carter Thomas,2021-03-31 Based on the fantasies created in the mind of an apathetic church attendee who reimagines the possibility that Jesus in the New Testament was actually the creation of a famous Judean street performer Yeshua is the story of how the character of Jesus in theater emerges as an iconic celebrity whose dramatic reenactments of well known stories in the New Testament challenge and threaten the current social and political order of the first half of the century The growing popularity of the Jesus character in Yeshua s performances occurs alongside his romantic relationship with Alexia the daughter of a Roman aristocrat As the crowds attending Yeshua s performances increase exponentially they eventually capture the attention of the Roman emperor After a series of dangerous encounters death and sacrifice Yeshua s character will be revered in history for all of eternity as the one who inspired people beyond their imagination **Teaching Christianity at Key Stage 2** Lilian Weatherley,Trevor Reader,2001 This work offers resources and information to those teaching Christianity at Key Stage 2 Each chapter introduces children to key Christian beliefs and practices as well as providing plenty of practical activities and ideas for use in the classroom or for collective worship Faith for the Journey Carol Blair,2016-02-09 When her husband died suddenly on New Year s Eve Carol was left to raise their six boys ages 11 months to 16 years That night she made a promise to God if He provided for her and the boys the way He promised in His Word she would go anywhere He sent her and tell others of His care But if He didn t she would burn her Bible on the front lawn and tell any onlooker that it was just a book of pretty words and pious phrases that wasn t true when you needed it to be God not only provided but had a big surprise He sent her across the globe to share her story Carol was then given an unexpected career in television and radio as host and producer and later a new husband Faith for the Journey tells firsthand the life changing things that can happen when you trust God with all your heart **Class Divide** Howard Gillette, Jr.,2015-05-21 Members of the Yale College class of 1964 the first class to matriculate in the 1960s were poised to take up the positions of leadership that typically followed an Ivy League education Their mission gained special urgency from the inspiration of John F Kennedy s presidency and the civil rights movement as it moved north Ultimately these men proved successful in traditional terms in the professions in politics and in philanthropy and yet something was different Challenged by the issues that would define a new era their lives took a number of unexpected turns Instead of confirming the triumphal perspective they grew up with in the years after World War II they embraced new and often conflicting ideas In the process the group splintered In *Class Divide* Howard Gillette Jr draws particularly on more than one hundred interviews with representative members of the Yale class of 64 to examine how they were challenged by the issues that would define the 1960s civil rights the power of the state at home and abroad sexual mores and personal liberty religious faith and social responsibility Among those whose life courses Gillette follows from their formative years in college through the years after graduation are the politicians Joe Lieberman and John Ashcroft the Harvard humanities professor

Stephen Greenblatt the environmental leader Gus Speth and the civil rights activist Stephen Bingham Although their Ivy League education gave them access to positions in the national elite the members of Yale 64 nonetheless were too divided to be part of a unified leadership class Try as they might they found it impossible to shape a new consensus to replace the one that was undone in their college years and early adulthood
