professional life      **Enchanted by Eternity** William J. Slattery, 2025-01-20 Whether we realize it or not Catholics have been deeply influenced by modernity's failed worldview. While we want to live and share our faith with joy, we struggle to do so because we unwittingly see the cosmos, the human person, and society as machines functioning independently of their Creator and of one another. If we want to bring the life-transforming effects of our faith into the world, we must first find and live real Catholicism, breaking free of the gravitational pull of modernity's worldview. A worldview is the stable, all-encompassing way in which each of us looks at reality, the pair of glasses through which we see the world around us. It makes up the grid of givens, assumptions, and presuppositions through which we view the world. It colors what we mean by God, universe, and human. Everyone has a worldview, and recognizing our worldview and the worldviews of others is crucial in our search for truth, goodness, and beauty. In *Enchanted by Eternity*, Fr. William Slattery shows how Catholicism proposes an enchanted and enchanting view of self, nature, society, and the future of each human person created to live in a resurrected body in the new heavens and the new earth. As this book reveals, rediscovering a truly Catholic worldview will change the way we live, and it might even change the world.

**A Physical Education** Casey Johnston, 2025-05-06 From the most visible woman writing about weightlifting today, a profoundly engrossing memoir and manifesto about how lifting helped dissolve her allegiance to diet culture, taught her to be at home in her body, and led her to grow every kind of strength. Elizabeth Greenwood. In *A Physical Education*, Casey Johnston recounts how she ventured into the brave new world of weightlifting, leaving behind years of restrictive eating and endless cardio. Woven through the trajectory of how she rebuilt her strength and confidence is a staggering exposé of the damaging doctrine spread by diet and fitness culture. Johnston's story dives deep into her own past relationships with calorie restriction, exercise, and codependency. As she progresses on her weightlifting journey, she begins to eat to fuel her growing strength, and her food cravings vanish. Her physical progress fuels a growing understanding of how mainstream messaging she received about women's bodies was about preserving the status quo. Previously convinced that physical improvement was a matter of suffering, she now knows it requires self-regard and patience. A little pushing at a time adds up to the reawakening of parts of herself she didn't even know were there. *A Physical Education* asks why so many of us spend our lives trying to get healthy by actively making our bodies weaker. Casey Johnston is a voice for those of us who feel underdeveloped and unfulfilled in our bodies and are looking to come home to ourselves.
