How have they benefited from their program of family worship?

### Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers

**Why Important:** Imagine that you know that a natural disaster is imminent. People will die unless they flee to safety. You go to a neighbor’s home to warn him, but he interrupts you, saying that he is busy. Surely, you would not quickly abandon your efforts to help him! Many in our territory turn us away, not realizing the life-saving value

of our message. At the time of our visit, perhaps they are preoccupied. (Matt. 24:37-39) Or maybe they have been prejudiced by untrue rumors. (Matt. 11:18, 19) They might assume that we are no different from the religions that have produced bad fruitage. (2 Pet. 2:1, 2) If the householder initially is not interested, we should not be quick to give up.

#### How to Do It:

- Before preaching from house to house, take a few moments to think about potential conversation stoppers that you may encounter and consider how to respond.
- If the householder presents an objection, gently try to continue the conversation. Perhaps you can do that by commending him. For example, if he says that he has his own religion, you might reply, “I was hoping to find someone like you who has an interest in spiritual things.” Sometimes acknowledging the householder’s feelings or circumstances will enable you to continue giving a witness. For instance, if he says that he is busy, you might say: “I understand. But before I leave, I would like to give you this.” Another option is to ask a question if the householder says that he is not interested. You could say, “Do you mean that you are not interested in the Bible, or is it religion in general that does not interest you?”
- Use good judgment. Remember that Jehovah does not force people to listen. (Deut. 30:19) Everyone must carry his own load of spiritual responsibility. (Gal. 6:5) If the householder is adamant, it is best to take our leave. By demonstrating respect for his feelings, we may open the door for another publisher to give a witness in the future. —1 Pet. 3:15.

#### Try This During the Month:

- When you encounter a potential conversation stopper, after leaving the householder, discuss with your partner how you might have responded in a better way.

**European-Russian Power Relations in Turbulent Times** Mai'a Cross,Ireneusz Pawel Karolewski,2021-04-13 The Russia Europe relationship is deteriorating signaling the darkest era yet in security on the continent since the end of the Cold War In addition the growing influence of the Trump administration has destabilized the transatlantic security community compelling Europe especially the European Union to rethink its relations with Russia The volume editors primary goal is to illuminate the nature of the deteriorating security relationship between Europe and Russia and the key implications for its future While the book is timely the editors and contributors also draw out long term lessons from this era of diplomatic degeneration to show how increasing cooperation between two regions can devolve into rapidly escalating conflict While it is possible that the relationship between Russia and Europe can ultimately be restored it is also necessary to understand why it was undermined in the first place The fact that these transformations occur under the backdrop of an uncertain transatlantic relationship makes this investigation all the more pressing Each chapter in this volume addresses three dimensions of the problem first how and why the power status quo that had existed since the end of the Cold War has changed in recent years as evidenced by Russia s newly aggressive posturing second the extent to which the EU s power has been enabled or constrained in light of Russia s actions and third the risks entailed in Europe s reactive power that is the tendency to act after the fact instead of proactively toward Russia in light of the transatlantic divide under Trump
