controversies generated by horror that examines some of the most high profile media debates around the issue of whether or not horror texts corrupt children The horror genre has endured a long and controversial success within popular culture Fraught with accusations pertaining to its alleged ability to harm and corrupt young people and indeed society as a whole the genre is constantly under pressure to suppress that which has made it so popular to begin with its ability to frighten and generate discussion about society's darker side Recognising the circularity of patterns in each generational manifestation of horror censorship The Myth of Harm draws upon cases such as the Slenderman stabbing and the James Bulger murder amongst many others in order to explore the manner in which horror has been repeatedly cast as a harmful influence upon children at the expense of scrutinising other more complex social issues Focusing on five major controversies beginning in the 1930's Golden Age of Horror Cinema and ending on a more contemporary note with Cyber Gothic horror this book identifies and considers the various myths and falsehoods surrounding the genre of horror and question the very motivation behind the proliferation and dissemination of these myths as scapegoats for political and social issues platforms for moral entrepreneurs and tools of hyperbole for the news industry      The Language of Mass Shooter Manifestos Emily

Powell, 2025-05-30 Bringing together scholarship from corpus linguistics forensic linguistics and criminology this book offers a nuanced exploration of moral agency in the pre-crime narratives of offenders The volume seeks to complement existing literature in forensic linguistics which often explore criminal narratives elicited after the crime with the benefit of hindsight by examining texts written in the midst of events Analyses draw on a corpus of over 200 000 words of manifestos and diaries written by four lone attackers who perpetrated mass shootings and put together accounts of their lives and the preparation

for their crimes Incorporating stylistic approaches to non fiction texts with those from corpus linguistics Powell explores the ways in which these texts influence perpetrators and future offenders and more broadly the role of narrative as it relates to harmful actions A closing section includes a taxonomy of moral agency which may serve as the foundation for future research on understanding agency responsibility and offending from a linguistic perspective This book will be of interest to scholars in forensic linguistics corpus linguistics stylistics and criminology *Library of Congress Subject Headings* Library of Congress.
