Sports Math Roland B. Minton, 2016-11-03 Can you really keep your eye on the ball How is massive data collection changing sports Sports science courses are growing in popularity The author's course at Roanoke College is a mix of physics physiology mathematics and statistics Many students of both genders find it exciting to think about sports Sports problems are easy to create and state even for students who do not live sports 24/7 Sports are part of their culture and knowledge base and the opportunity to be an expert on some area of sports is invigorating This should be the primary reason for the growth of mathematics of sports courses the topic provides intrinsic motivation for students to do their best work From the Author The topics covered in Sports Science and Sports Analytics courses vary widely To use a golfing analogy writing a book like this is like hitting a drive at a driving range there are many directions you can go without going out of bounds At the driving range I pick out a small target to focus on and that is what I have done here I have chosen a sample of topics I find very interesting Ideally users of this book will have enough to choose from to suit whichever version of a sports course is being run The book is very appealing to teach from as well as to learn from Students seem to have a growing interest in ways to apply traditionally different areas to solve problems This coupled with an enthusiasm for sports makes Dr Minton's book appealing to me Kevin Hutson Furman University

The One in the Middle Is the Green Kangaroo - Literature Kit Gr. 1-2 Lisa Renaud, 2017-05-31 Find out what it's like to be the middle child and what it means to be able to stand out and feel special Students gain a deeper understanding of their own mind to visualize what makes them unique Sort words from the story as short as or long as vowels Complete quotes from the story with their missing quotation marks Recognize whether Freddy practiced for his part before or after he showed how well he could jump Students draw their own interpretation of Freddy's costume for the play and explain how it fits and some of its important details Brainstorm things that would make a good play and things that would make a bad play Students compare themselves to Freddy in a Venn Diagram graphic organizer Aligned to your State Standards and written to Bloom's Taxonomy additional crossword word search comprehension quiz and answer key are also included About the Novel Freddy Dissel feels trapped between an older brother and younger sister As the middle child he feels neglected by everyone around him He lost his room to his younger sister and now shares with his older brother He doesn't get new clothes of his own but instead wears his brother's hand-me-downs He is too young to play with his older brother but too old to play with his younger sister One day Freddy learns of a school play and decides to try out for it The only problem being it's only for the fifth and sixth graders But that doesn't stop Freddy He lands a special part as the green kangaroo Now Freddy can shine out front no longer stuck in the middle
