Kill Shot Code Kpd Swat Book English Edition:

Kill Shot Lani Lynn Vale, 2015-09-10 Bennett had the world in the palm of his hands when he was sixteen then he allowed his dick to do the thinking for him That one night changed him forever giving him a child that would forever alter his life and an ex that was a crazy nut case on the best of days With the help of his parents he went into the Navy becoming the SEAL he always wanted to be However with that came a price a price he wasn't willing to pay anymore once his little girl started to realize why he wasn't there So he came home and joined the local SWAT team starting his life anew just his daughter and him Then he meets the cute little physician's assistant that looks down upon him like one would an annoying fly and he finally realizes just what he's been missing Something that takes his mind off of the challenge of everyday life Someone that dares him to be a better father and cop And Lennox is one hell of a motivator Their relationship starts off rocky as the two of them circle each other like opponents ready to do combat rather than two civil adults Every day brings a new battle for the two of them to overcome and before they realize it they'll be fighting for each other instead of against each other Because there's one woman who doesn't want either one of them to be happy especially not together Codename R J Patterson, 2022-10-20 The past always has a way of messing with our future As Titus Black grapples with one of the secrets from his past one of the CIA's best assassins has gone rogue putting the world's tenuous peace in jeopardy once he begins his assault on some of the world's most well known leaders Black gets tapped for his most dangerous mission to date hunting down the man responsible for putting the world on the brink of war Black must navigate the landmines of his past to preserve his standing within the Phoenix Foundation all while trying to stop a relentless killer But the clock is ticking and The Alliance seizes an opportunity to strengthen its position and put the U S intelligence agency on its back foot With no margin for error Black faces his deadliest foe yet And the consequences for failure will be catastrophic for not only himself but also the rest of the planet If you like Tom Clancy's Jack Ryan Vince Flynn's Mitch Rapp Robert Ludlum's Jason Bourne or Stephen Hunter's Bob Lee Swagger you'll love Titus Black
