Invent and Wander, 2020-11-17 In Jeff Bezos's own words the core principles and philosophy that have guided him in creating building and leading Amazon and Blue Origin In this collection of Jeff Bezos's writings his unique and strikingly original annual shareholder letters plus numerous speeches and interviews that provide insight into his background his work and the evolution of his ideas you'll gain an insider's view of the why and how of his success Spanning a range of topics across business and public policy from innovation and customer obsession to climate change and outer space this book provides a rare glimpse into how Bezos thinks about the world and where the future might take us Written in a direct down to earth style *Invent and Wander* offers readers a master class in business values strategy and execution The importance of a Day 1 mindset Why it's all about the long term What it really means to be customer obsessed How to start new businesses and create significant organic growth in an already successful company Why culture is an imperative How a willingness to fail is closely connected to innovation What the Covid 19 pandemic has taught us Each insight offers new ways of thinking through today's challenges and more importantly tomorrow's and the never ending urgency of striving ahead never resting on one's laurels Everyone from CEOs of

the Fortune 100 to entrepreneurs just setting up shop to the millions who use Amazon's products and services in their homes or businesses will come to understand the principles that have driven the success of one of the most important innovators of our time. *Invent and Wander: The Collected Writings of Jeff Bezos* is co-published by PublicAffairs, an imprint of Perseus Books and Harvard Business Review Press.

Emerging Champions in the Digital Economy Xiaoming Zhu, 2018-12-13 This book presents a list of emerging and established companies which have a strong belief in the digital economy and elaborate their unique digital innovations. The companies selected for this book are from a variety of industries including both Chinese and international leading technology companies such as iflytek, JD.com, IBM and Amazon. A wide range of commercial fields are covered ensuring a comprehensive research on the topic of digital economy for example Shanghai Center Construction Management, PPDai Finance, 3Dmed Precision Medicine, Children's Hospital of Shanghai Medical Service, First Respond First Aid Service etc. All cases are presented based on field studies as well as in-depth interviews and are followed by thought-provoking case analysis which can help readers to better understand the cases from different perspectives. Readers can use this book as a good reference to address challenges and capture opportunities in the context of ever-growing digital economy.

Digital Dominance Martin Moore, Damian Tambini, 2018 Across the globe Google, Amazon, Facebook, Apple and Microsoft have accumulated power in ways that existing regulatory and intellectual frameworks struggle to comprehend. A consensus is emerging that the power of these new digital monopolies is unprecedented and that it has important implications for journalism, politics and society. It is increasingly clear that democratic societies require new legal and conceptual tools if they are to adequately understand and if necessary check the economic might of these companies. Equally that we need to better comprehend the ability of such firms to control personal data and to shape the flow of news information and public opinion. In this volume Martin Moore and Damian Tambini draw together the world's leading researchers to examine the digital dominance of technologies, platforms and look at the evidence behind the rising tide of criticism of the tech giants. In fifteen chapters the authors examine the economic, political and social impacts of Google, Amazon, Facebook, Apple and Microsoft in order to understand the different facets of their power and how it is manifested. *Digital Dominance* is the first interdisciplinary volume on this topic contributing to a conversation which is critical to maintaining the health of democracies across the world.

The Indie Game Developer Handbook Richard Hill-Whittall, 2015-02-11 The indie game developer's complete guide to running a studio. The climate for the games industry has never been hotter and this is only set to continue as the marketplace for tablets, consoles and phones grows. Seemingly every day there is a story of how a successful app or game has earned thousands of downloads and revenue. As the market size increases so does the number of people developing and looking to develop their own app or game to publish. *The Indie Game Developer Handbook* covers every aspect of running a game development studio from the initial creation of the game through to completion, release and beyond. Accessible and complete guide to many aspects of running a game development studio from funding and development.
