Holmes, 2024-07-16 John Paul II spoke of a feminine genius using

the phrase to describe the unique and positive contribution of women to relationships the church and society What of men There is considerable debate regarding the nature roles and responsibilities of men What does the church have to say to a boy or young man searching for guidance in developing a genuinely Christian manhood Or to parents schools and communities seeking to cultivate this in their young men Or to the faithful seeking to understand the church s teachings and to apply these in public and private life This book seeks to answer the question Is there a masculine genius Is there a unique and positive contribution men bring to relationships the church and society *Living Among Lions* David Benham,Jason Benham,2016-06-28 Meet Daniel A Transformed Man Who Transformed His World What does an ancient Jewish prophet have to do with modern America What if anything can we learn from a man who lived 2 400 years ago as a captive in the land we now call Iraq As it turns out quite a bit David and Jason Benham are convinced the biblical example of Daniel holds the keys to contemporary Christians living victoriously in a world increasingly hostile to people of faith Like Daniel many believers today find themselves in an unfriendly environment one opposed to the God they serve Yet like Daniel they must learn how to take a stand while serving the people around them *Living Among Lions* is for Christian brothers and sisters who have the potential to transform their world but find themselves standing in the shadows wondering how to respond in an unfriendly environment Divided into three sections *Living Among Lions* covers three distinct characteristics that made Daniel strong Conviction Commitment and Courage Daniel possessed all of these qualities and lived them out As a result God gave him unprecedented favor and supernatural power A mere slave living in exile Daniel emerged as one of the most powerful men in the known world Daniel s conviction commitment and courage empowered him not merely to survive in Babylon but to thrive He did not conform to his world he transformed his world *Wake Up, America!* Thomas Ripaldi,2015-06 Financial collapse Family breakdown Future uncertainty For many the American Dream has become a living nightmare Wherein lies the hope for finding not just a road out of further decline but a brighter future In *Wake Up America* Thomas Ripaldi presents a godly vision of what life should be like and a grounded plan for getting there As such it is both a call to action and a manual for change Drawing from the Bible history and 25 years as a counselor and licensed therapist he outlines principles and practical steps for navigating difficult transitions overcoming adversity and capitalizing on the opportunities that lies within them From personal development to cultural challenges you will find inspiration and tools to help you realize all God intends for His people and this nation We are facing a mountain *Wake Up America* is a map and a guide to take you to the top *Taking America Back for God* Andrew L. Whitehead,Samuel L. Perry,2020-02-03 Why do so many conservative Christians continue to support Donald Trump despite his many overt moral failings Why do many Americans advocate so vehemently for xenophobic policies such as a border wall with Mexico Why do many Americans seem so unwilling to acknowledge the injustices that ethnic and racial minorities experience in the United States Why do a sizeable proportion of Americans continue to oppose women s equality in the workplace and in the home To answer these questions *Taking America Back for God* points to the

phenomenon of Christian nationalism the belief that the United States is and should be a Christian nation Christian ideals and symbols have long played an important role in American public life but Christian nationalism is about far more than whether the phrase under God belongs in the pledge of allegiance At its heart Christian nationalism demands that we must preserve a particular kind of social order an order in which everyone Christians and non Christians native born and immigrants whites and minorities men and women recognizes their proper place in society The first comprehensive empirical analysis of Christian nationalism in the United States Taking America Back for God illustrates the influence of Christian nationalism on today s most contentious social and political issues Drawing on multiple sources of national survey data as well as in depth interviews Andrew Whitehead and Samuel Perry document how Christian nationalism shapes what Americans think about who they are as a people what their future should look like and how they should get there Americans stance toward Christian nationalism provides powerful insight into what they think about immigration Islam gun control police shootings atheists gender roles and many other political issues very much including who they want in the White House Taking America Back for God is a guide to one of the most important and least understood forces shaping American politics
