Sword and the Self: A Guide to Discovering Your Authentic Power Robert W. DeHaven, 2025-07-06 The privilege of a lifetime is to become who you truly are Carl Jung Arthur stands before the sword embedded in stone unaware that this moment will change everything Not because he is special but because he approaches it with readiness rather than force service rather than ambition The blade yields to his touch as easily as if it had been waiting for his hand alone What Arthur discovers and what this book reveals is that authentic power cannot be seized but only recognized and consciously claimed His legendary journey from unknown boy to conscious king illuminates the universal path that awaits every human being ready to discover their own royal nature The Royal Road of Development Drawing on Carl Jung s depth psychology and Joseph Campbell s hero s journey this book decodes Arthur s transformation as a living map for your own development The Sword in the Stone Recognizing the authentic authority that exists beneath layers of conditioning and social adaptation Excalibur and the Lady of the Lake Integrating conscious power with spiritual wisdom and receptive intelligence The Round Table Creating communities where individual authenticity serves collective flourishing The Grail Quest Moving beyond external achievement to discover the spiritual meaning that gives life purpose The Return to Avalon Transforming personal development into lasting legacy and consciousness transmission A Technology of Transformation Unlike conventional leadership approaches that focus on managing others Arthur s path emphasizes the inner development that makes authentic

authority possible Each stage reveals how psychological integration and spiritual maturity create the foundation for sustainable influence and meaningful service Whether you're leading a family organization or simply seeking to live with greater consciousness and impact Arthur's principles offer guidance for the adventure of becoming who you truly are in service of something greater than personal satisfaction Your Own Adventure Awaits The sword that calls to you may not be embedded in literal stone but the authentic authority you're capable of exercising awaits your conscious recognition Your Round Table however large or small needs your wise and compassionate leadership Arthur's story reminds us that the royal nature we seek was never his alone but represents the archetypal possibility that exists within every human being willing to undertake the journey from unconscious potential to conscious authority Kingdoms Three Lynda L.
