**The Poultry Manual** Franklane Lorraine Sewell,1908 *Drugging France* Sara E. Black,2022-09-15 In the nineteenth century drug consumption permeated French society to produce a new norm the chemical enhancement of modern life French citizens empowered themselves by seeking pharmaceutical relief for their suffering and engaging in self medication Doctors and pharmacists meanwhile fashioned themselves as gatekeepers to these potent drugs claiming that their expertise could shield the public from accidental harm Despite these efforts the unanticipated phenomenon of addiction laid bare both the embodied nature of the modern self and the inherent instability of the notions of individual free will and responsibility *Drugging France* explores the history of mind altering drugs in medical practice between 1840 and 1920 highlighting the intricate medical histories of opium morphine ether chloroform cocaine and hashish While most drug histories focus on how drugs became regulated and criminalized as dangerous addictive substances Sara Black instead traces the spread of these drugs through French society demonstrating how new therapeutic norms and practices of drug consumption transformed the lives of French citizens as they came to expect and even demand pharmaceutical solutions to their pain Through self experimentation doctors developed new knowledge about these drugs transforming exotic botanical substances and unpredictable chemicals into reliable pharmaceutical commodities that would act on the mind and body to modify pain sensation and consciousness From the pharmacy counter to the boudoir from the courtroom to the operating theatre from the battlefield to the birthing chamber *Drugging France* explores how everyday encounters with drugs reconfigured how people experienced their own minds and bodies

**Changing France** Anne Green,2013-12-01 The French Second Empire 1852 70 was a time of exceptionally rapid social industrial and

technological change French literature also underwent fundamental changes during this period as writers embraced modernity and incorporated new technologies fashions and inventions into their work Focusing on cultural areas such as exhibitions transport food dress and photography Changing France shows how apparently trivial aspects of modern life provided Second Empire writers with a versatile means of thinking about deeper issues This volume brings literature and material culture together to reveal how writing itself changed as writers recognised the extraordinarily rich possibilities of expression opened up to them by the changing material world
