House of Commons,1914 **Serials Currently Received by the National Agricultural Library, 1975** National Agricultural Library (U.S.),1976 Class, State and Agricultural Productivity in Egypt Graham Dyer,2014-03-05 The inverse relationship between farm size and productivity is accepted as a stylized fact of agriculture in developing countries This study uses Egyptian fieldwork data to examine factors creating this relationship and the impact of economic and technological change on the relationship **Parliamentary Papers** Great Britain. Parliament. House of Commons,1960 United States Government Publications Monthly Catalog ,1945 **Hired Hands** Cecilia Danysk,1995-12-15 Farm workers were central to the development of Canada s prairie West From 1878 when the first shipment of prairie grain went to international markets to 1929 when the Great Depression signalled the end of the wheat boom the role of hired hands changed dramatically Prior to World War One hired hands viewed themselves and were treated in the rural community as equals to their farmer employers Many were farmers in training informal apprentices who worked for wages so they could accumulate the capital and experience needed to secure their own free 160 acre parcels of land In later years as free lands were taken hired hands increasingly faced the hkehhood of remaining waged labourers on the farms of others They became agricultural proletarians In this first full length study of labour in Canadian prairie agriculture during the period of settlement and expansion Cecilia Danysk examines the changing work and the growing rural community of the West through the eyes of the workers themselves World War One was a catalyst in bringing into focus the conflicting nature of labour capital relations and the divergent aims of workers and their employers Yet attempts at union organization were unsuccessful because most hired hands worked alone and because governments assisted farmers by stifling such attempts The workers greatest form of workplace control was to walk off one job and find another Previously published by McClelland Stewart **Papers and Proceedings** American Library Association. Annual Conference,1916 *Votes & Proceedings* New South Wales. Parliament. Legislative Council,1893 Social Security in Ireland, 1939-1952 Sophia Carey,2007 This book explores the factors which have shaped the Irish welfare state through a case study of social security development between 1939 and 1952 At the heart of contemporary debates about the influences shaping welfare state outcomes lie the concepts of industrialisation modernisation religion and patterns of state formation The Irish case provides a unique insight into these debates Ireland is a European welfare state but one in which colonial legacies are paramount It is a modern but late industrialising nation and for much of the modern period Catholicism has been unusually influential The book looks at how these idiosyncratic Irish experiences shaped a distinctive welfare state and considers what this tells us about contemporary theoretical perspectives on social policy This account of the behind the scenes battles over social security tells us a great deal about how the welfare state in Ireland took the shape it did and in the process raises

questions about well established accounts of the role of the Church political parties and interest groups in shaping distributive outcomes which would persist for many decades *The Sale Catalogues of British Government Publications, 1836-1921: 1836-1889* Great Britain.
