Organizing photos in Picasa

When you first [install Picasa](#), it scans folders on your hard drive and displays any detected photos. These folders, along with the customized albums you create, make up the organization of your photos within Picasa. Within your folders and albums, Picasa displays icons on your images to help you quickly see which photos have been uploaded, marked as a favorite, geo-tagged, and more.

Folders

Folders represent actual directories on your computer's hard drive that contain photos. Changes you make to folders in Picasa affect corresponding folders on your computer's hard drive. For example, [moving a photo](#) from one folder to another in Picasa will also move the photo in Windows Explorer (Windows).
