**Fanon, iek, and the Violence of Resistance** Zahi Zalloua, 2025-06-26 In a novel pairing of anti colonial theorist Frantz Fanon with Marxist Lacanian philosopher Slavoj iek Zahi Zalloua explores the ways both thinkers expose the violence of political structures This inventive exploration advances an anti racist critique describing how ontology operates in a racial matrix to produce some human bodies that count and others deemed not quite or non human that do not For Fanon and iek the violence of ontology must be met with another form of violence a revolutionary violence that delegitimizes the logic of the symbolic order and troubles its collective fantasies Whereas Fanon begins his challenge to ontology by exposing its historical linkages to Europe s destructive imperialist procedures before proceeding to stretch Marxism along with psychoanalysis to account for the crushing neo colonial situation iek premises his work on the refusal to accept the totality of ontology Because of these different points of intervention Fanon and iek together offer a powerful and multifaceted assessment of the liberal anti racist paradigm whose propensity for identity politics and aversion to class struggle silence the cry of the dispossessed and foreclose radical change Avoiding contemporary separatist temptations decoloniality and Afropessimism and breaking with a non violent sentimentalist futurology that announces more of the same Fanon and iek point in a different direction one that eschews identitarian thought in favor of a collective struggle for freedom and equality
