Thematic Guide to Popular Nonfiction Lynda G. Adamson, 2006-01-30 Popular nonfiction is widely read and is increasingly prominent in the curriculum. This guide helps students, teachers, and librarians identify popular works of nonfiction related to particular themes. Included are alphabetically arranged entries on 50 themes such as Animals, Exploration, Genocide, Immigrants, Poverty, and Race Relations. Each entry begins with a definition and discussion of the theme, followed by critical summaries of three or four works of nonfiction. The entries conclude with lists of additional nonfiction for further reading, and the Guide closes with lists of additional themes and related works, along with a bibliography of works on popular nonfiction.

Using ESL Students' First Language to Promote College Success Andrea Parmegiani, 2019-01-15 Emerging from a critical analysis of the global power of English and how it relates to academic literacy and culturally responsive pedagogy, this book presents translanguaging strategies for using ESL students' mother tongue as a resource for academic literacy acquisition and college success. Parmegiani offers a strong counterpoint to the English-only movement in the United States. Grounded in a case study of a learning community linking Spanish and English academic writing courses, he demonstrates that a mother tongue-based pedagogical intervention and the strategic use of minority home languages can promote English language acquisition and academic success.
