Alexander Reed,2013-07-11 Industrial is a descriptor that fans and critics have applied to a remarkable variety of music the oil drum pounding of Einstürzende Neubauten the processed electronic groans of Throbbing Gristle the drumloop clatter of Skinny Puppy and the

synthpop songcraft of VNV Nation to name just a few But the stylistic breadth and subcultural longevity of industrial music suggests that the common ground here might not be any one particular sound but instead a network of ideologies This book traces industrial music's attitudes and practices from their earliest articulations a hundred years ago through the genre's mid 1970s formation and its development up to the present and beyond Taking cues from radical intellectuals like Antonin Artaud William S Burroughs and Guy Debord industrial musicians sought to dismantle deep cultural assumptions so thoroughly normalized by media government and religion as to seem invisible More extreme than punk industrial music revolted against the very ideas of order and reason it sought to strip away the brainwashing that was identity itself It aspired to provoke bewilder and roar with independence Of course whether this revolution succeeded is another question Assimilate is the first serious study published on industrial music Through incisive discussions of musicians audiences marketers cities and songs this book traces industrial values methods and goals across forty years of technological political and artistic change A scholarly musicologist and a longtime industrial musician S Alexander Reed provides deep insight not only into the genre's history but also into its ambiguous relationship with symbols of totalitarianism and evil Voicing frank criticism and affection alike this book reveals the challenging and sometimes inspiring ways that industrial music both responds to and shapes the world Assimilate is essential reading for anyone who has ever imagined limitless freedom danced alone in the dark or longed for more noise

Leisure and Class in Victorian England Peter Bailey, 2014-01-14 First published in 2006 Part of the Studies in Social History series this volume looks at leisure and class in Victorian England 1830-85 including topics of popular recreation middle class and working class differences and rational recreation for the masses and the case of Victorian Music Halls in the entertainment industry

The Words and Music of David Bowie James E. Perone, 2007-06-30 All Music Guide's Stephen Thomas Erlewine has written Even when he was out of fashion in the 80s and 90s it was clear that Bowie was one of the most influential musicians in rock for better or worse In this comprehensive analysis of David Bowie's career author James Perone examines the many identities and styles Bowie has developed over the years and in so doing provides a stunning chronicle of creativity at work Born David Jones in a London suburb in 1947 David Bowie changed his name in the late 60s to avoid confusion with the singer David Jones of The Monkees This name change would turn out to be a highly prescient act for in incorporating an exceptionally wide variety of styles Bowie would become the most notorious chameleon of the rock era Due in large part to his early success in the glam rock subgenre and his claims of homosexuality dismissed by many writers as a ploy to generate public interest and record sales Bowie raised serious issues about sexual orientation in rock music regardless of whether or not his claimed homosexuality was genuine or part of his on stage character His regular use of theatrical personae also raises interesting issues concerning authenticity and the perception of authenticity in rock music Although Bowie has been primarily an album artist his recordings of Fame Golden Years Let's Dance China Girl Blue Jean and Dancing in the Streets all made it into the Billboard top 10 singles charts Of these all but one

was written or co written by Bowie Even more notable are the songs he wrote and recorded that have made an impact far in excess of their chart standing These include Space Oddity Rebel Rebel Changes Modern Love and Young Americans From his early 1970s albums like Hunky Dory and The Rise Fall of Ziggy Stardust and the Spiders from Mars in both of which he assumed the character of the fictional androgynous Stardust to Diamond Dogs Heroes Tin Machine and Black Tie White Noise Bowie s albums generated both significant word of mouth interest and some of the most contentious critical reactions of any artist of the rock era This long overdue investigation lets Bowie s artistry speak for itself After a biographical introduction chronologically arranged chapters discuss the singer s fascinating and iconoclastic body of work A discography and annotated bibliography conclude the book **Worcester Library Bulletin** Free Public Library (Worcester, Mass.),1909

The Rough Guide to Jamaica Robert Coates,Laura Henzell,2015-08-04 The new full colour Rough Guide to Jamaica is the ultimate travel guide to the most captivating of Caribbean Islands In depth coverage and clear maps will help you discover the best that the island has to offer from white sand beaches and rum bars to misty mountains and vibrant towns while detailed practical information will help you get around This guide is fully updated with expert information on everything from reggae and street parties to the best coffee and the quietest beaches plus insider reviews of the best places to stay eat and drink for all budgets all of it brought to life by stunning photography Whether you want to flop on the beach or explore every corner of the island the Rough Guide will make sure you make the most of your time in Jamaica
