Kant And The Theory And Practice Of International Right:

Kant and the Theory and Practice of International Right Georg Cavallar, 2020-03-01 A similar book is Reidar Maliks *Kant's Politics in Context* Oxford Oxford University Press 2014 but it does not focus on international law Pauline Kleingeld's *Kant and Cosmopolitanism: The Philosophical Ideal of World Citizenship* Cambridge Cambridge University Press 2012 touches upon international relations but is mainly a book on Kant's cosmopolitanism and a comparison with other 18c thinkers

The Oxford Handbook of the History of International Law Bardo Fassbender, Anne Peters, Simone Peter, Daniel Högger, 2012-11-01 The Oxford Handbook of the History of International Law provides an authoritative and original overview of the origins, concepts and core issues of international law. The first comprehensive Handbook on the history of international law, it is a truly unique contribution to the literature of international law and relations. Pursuing both a global and an interdisciplinary approach, the Handbook brings together some sixty eminent scholars of international law, legal history and global history from all parts of the world. Covering international legal developments from the 15th century until the end of World War II, the Handbook consists of over sixty individual chapters which are arranged in six parts. The book opens with an analysis of the principal actors in the history of international law, namely states, peoples and nations, international organisations and courts, and civil society actors. Part Two is devoted to a number of key themes of the history of international law, such as peace and war, the sovereignty of states, hegemony, religion, and the protection of the individual person. Part Three addresses the history of international law in the different regions of the world: Africa and Arabia, Asia, the Americas, and the Caribbean, Europe, as well as encounters between non-European legal cultures like those of China, Japan, and India, and Europe, which had a lasting impact on the body of international law. Part Four examines certain forms of interaction or imposition in international law, such as diplomacy as an example of interaction, or colonization and domination as an example of imposition of law. The classical juxtaposition of the civilized and the uncivilized is also critically studied. Part Five is concerned with problems of the method and theory of history writing in international law, for instance the periodisation of international law or Eurocentrism in the traditional historiography of international law. The Handbook concludes with a Part Six entitled *People in Portrait*, which explores the life and work of twenty prominent scholars and thinkers of international law, ranging from Muhammad al-Shaybani to Sir Hersch Lauterpacht. The Handbook will be an invaluable resource for students and scholars of international law. It provides historians with new perspectives on international law and increases the historical and cultural awareness of scholars of international law. It is the standard reference work for the global history of international law. *Routledge International Handbook of Cosmopolitanism Studies* Gerard Delanty, 2018-07-27 Cosmopolitanism is about the extension of the moral and political horizons of people, societies, organizations and institutions. Over the past 25 years, there has been considerable interest in cosmopolitan thought across the human social sciences. The second edition of the *Routledge International Handbook of Cosmopolitanism Studies* is an enlarged, revised and updated

version of the first edition It consists of 50 chapters across a broader range of topics in the social and human sciences Eighteen entirely new chapters cover topics that have become increasingly prominent in cosmopolitan scholarship in recent years such as sexualities public space the Kantian legacy the commons internet generations care and heritage This Second Edition aims to showcase some of the most innovative and promising developments in recent writing in the human and social sciences on cosmopolitanism Both comprehensive and innovative in the topics covered the Routledge International Handbook of Cosmopolitanism Studies is divided into four sections Cosmopolitan theory and history with a focus on the classical and contemporary approaches The cultural dimensions of cosmopolitanism The politics of cosmopolitanism World varieties of cosmopolitanism There is a strong emphasis in interdisciplinarity with chapters covering contributions in philosophy history sociology anthropology media studies international relations The Handbook's clear and comprehensive style will appeal to a wide undergraduate and postgraduate audience across the social and human sciences

The European Philosophers from Descartes to Nietzsche Monroe Beardsley, 2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography

Immanuel Kant Arthur Ripstein, 2017-05-15 Kant casts a long shadow over contemporary debates in political philosophy The Kantian roots of ideas of dignity autonomy equality and freedom under law are widely acknowledged Kant's own developments of those ideas in his explicitly political writings are taken up less frequently The aim of this volume is to help bring those contributions out of the shadows The articles and essays explore various dimensions of Kant's complex and powerful picture of the relation between morality and politics that Kant develops

A Philosophy Of International Law Fernando Teson, 2018-10-08 Why should sovereign states obey international law In this groundbreaking study Fernando Teson argues that an overlapping respect for human rights has created a moral common ground among the countries of the world It is this common set of values rather than self interest that ultimately provides legitimacy to international law Using the tools of moral philosophy Teson analyzes the concepts of sovereignty intervention and national interest the contributions of social contract theory game theory and feminist theory and the puzzles of self determination and group rights

Kant's International Relations Sean Patrick Molloy, 2019-01-23 Why does Immanuel Kant 1724-1804 consistently invoke God and Providence in his most prominent texts relating to international politics In this wide ranging study Sean Molloy proposes that texts such as Idea for a Universal History with Cosmopolitan Intent and Toward Perpetual Peace cannot be fully understood without reference to Kant's wider philosophical projects and in particular the role that belief in God plays within critical philosophy and Kant's inquiries into anthropology politics and theology Molloy

s broader view reveals the political theological dimensions of Kant's thought as directly related to his attempts to find a new basis for metaphysics in the sacrifice of knowledge to make room for faith. This book is certain to generate controversy. Kant is hailed as the greatest of all theorists in the field of International Relations. IR in particular he has been acknowledged as the forefather of Cosmopolitanism and Democratic Peace Theory. Yet Molloy charges that this understanding of Kant is based on misinterpretation, neglect of particular texts and failure to recognize Kant's ambivalences and ambiguities. Molloy's return to Kant's texts forces devotees of Cosmopolitanism and other Kantian schools of thought in IR to critically assess their relationship with their supposed forebear. Ultimately they will be compelled to seek different philosophical origins or to find some way to accommodate the complexity and the decisively nonsecular aspects of Kant's ideas.

Positive Peace in Theory and Practice Tuba Turan, 2015-10-20. Examining the shortcomings of eliciting sustainable intra-state peace through the UN system and the underlying positive peace paradigm of the liberal traditions, the book maintains that a novel positive peace vision and framework under the auspices of the UN is warranted. Building upon grievance-based explanations of violent conflicts and conflict transformation research, this book develops a comprehensive positive peace framework that involves the early tackling of identity divisions, i.e. Fundamental Conflicts, through UN-facilitated deliberative and dialogical processes at the 1.5-track diplomacy level. This framework is designed to complement current UN post-conflict peacebuilding and structural prevention practice. By dealing both with how to operationalise early conflict prevention in a workable manner and developing a comprehensive yet viable positive peace approach, this book entails an extensive interdisciplinary approach and new in-depth analyses of the wide-ranging normative and policy aspects of the quest of elevating positive peace to a core objective of UN practice.

Kant's Political Theory Elisabeth Ellis, 2015-06-12. Past interpreters of Kant's thought seldom viewed his writings on politics as having much importance, especially in comparison with his writings on ethics, which along with his major works such as the *Critique of Pure Reason* received the lion's share of attention. But in recent years a new generation of scholars has revived interest in what Kant had to say about politics. From a position of engagement with today's most pressing questions, this volume of essays offers a comprehensive introduction to Kant's often misunderstood political thought. Covering the full range of sources of Kant's political theory, including not only the *Doctrine of Right*, the *Critiques* and the political essays but also Kant's lectures and minor writings, the volume's distinguished contributors demonstrate that Kant's philosophy offers compelling positions that continue to inspire the best thinking on politics today. Aside from the editor, the contributors are Michaela Ferguson, Louis Philippe Hodgson, Ian Hunter, John Christian Laursen, Mika LaVaque, Manty Onora O'Neill, Thomas W. Pogge, Arthur Ripstein and Robert S. Taylor.

The Rights of Strangers Georg Cavallar, 2017-07-05. This study investigates the thinking of European authors from Vitoria to Kant about political justice, the global community and the rights of strangers as one special form of interaction among individuals of divergent societies, political communities and cultures. Taking an interdisciplinary approach, it covers historical material from a predominantly

philosophical perspective interpreting authors who have tackled problems related to the rights of strangers under the heading of international hospitality Their analyses of the *civitas maxima* or the *societas humani generis* covered the nature of the global commonwealth Their doctrines of natural law *ius naturae* were supposed to provide what we nowadays call theories of political justice The focus of the work is on international hospitality as part of the law of nations on its scope and justification It follows the political ideas of Francisco de Vitoria and the Second Scholastic in the 16th century of Alberico Gentili Hugo Grotius Samuel Pufendorf Christian Wolff Emer de Vattel Johann Jacob Moser and Immanuel Kant It draws attention to the international dimension of political thought in Thomas Hobbes John Locke Jean Jacques Rousseau David Hume Adam Smith and others This is predominantly a study in intellectual history which contextualizes ideas but also emphasizes their systematic relevance

Kantian Theory and Human Rights Andreas Follesdal, Reidar Maliks, 2013-11-12 Human rights and the courts and tribunals that protect them are increasingly part of our moral legal and political circumstances The growing salience of human rights has recently brought the question of their philosophical foundation to the foreground Theorists of human rights often assume that their ideal can be traced to the philosophy of Immanuel Kant and his view of humans as ends in themselves Yet few have attempted to explore exactly how human rights should be understood in a Kantian framework The scholars in this book have gathered to fill this gap At the center of Kant's theory of rights is a view of freedom as independence from domination The chapters explore the significance of this theory for the nature of human rights their justification and the legitimacy of international human rights courts

The Moral Standing of the State in International Politics Milla Emilia Vaha, 2021-07-15 Kant's moral and political philosophy has been important in developing ethical thinking in international relations This study argues that his theory of the state is crucially important for understanding the moral agency of the state as it is discussed in contemporary debates For Kant it is argued that the state has not only duties but also controversially inalienable rights that ground its relationship to its citizens and to other states Most importantly the state regardless of its governmental form or factual behaviour has a right to exist as a state The Kantian account provided therefore explores not only the moral agency but also the moral standing of the state examining the status of different kinds of states in world politics and expectations towards their ethical behaviour Every state has a moral standing that must be respected in a morally imperfect world gradually transforming towards the ideal condition of perpetual peace

Global Justice, Kant and the Responsibility to Protect Heather Roff, 2013-06-26 This book provides an innovative contribution to the study of the Responsibility to Protect and Kantian political theory The Responsibility to Protect R2P doctrine has been heralded as the new international security norm to ensure the protection of peoples against genocide ethnic cleansing war crimes and crimes against humanity Yet for all of the discussion endorsements and reaffirmations of this new norm R2P continues to come under fire for its failures particularly and most recently in the case of Syria This book argues that a duty to protect is best considered a Kantian provisional duty of justice The international system

ought to be considered a state of nature where legal institutions are either weak or absent and so duties of justice in such a condition cannot be considered peremptory This book suggests that by understanding the duty's provisional status we understand the necessity of creating the requisite executive legislative and judicial authorities Furthermore the book provides three innovative contributions to the literature study and practice of R2P and Kantian political theory it provides detailed theoretical analysis of R2P it addresses the research gap that exists with Kant's account of justice in states of nature and it presents a more comprehensive understanding of the metaphysics of justice as well as R2P This book will be of much interest to students of the Responsibility to Protect humanitarian intervention global ethics international law security studies and international relations IR in general

War and International Justice Brian Orend, 2010-10-30 Can war ever be just By what right do we charge people with war crimes Can war itself be a crime What is a good peace treaty Since the Cold War ended in the early 1990s many wars have erupted inflaming such areas as the Persian Gulf Central Africa and Central Europe Brutalities committed during these conflicts have sparked new interest in the ethics of war and peace Brian Orend explores the ethics of war and peace from a Kantian perspective emphasizing human rights protection the rule of international law and a fully global concept of justice Contending that Kant's just war doctrine has not been given its due Orend displays Kant's theory to its fullest impressive effect He then completely and clearly updates Kant's perspective for application to our time Along the way he criticizes pacifism and realism explores the nature of human rights protection during wartime and defends a theory of just war He also looks ahead to future developments in global institutional reform using cases from the Persian Gulf War Somalia Bosnia and Rwanda to illustrate his argument Controversial and timely perhaps the most important contribution War and International Justice A Kantian Perspective makes is with regard to the question of justice after war Orend offers a principled theory of war termination making an urgent plea to reform current international law

Jus Cogens Thomas Weatherall, 2015-07-16 This book provides a comprehensive political and legal examination of jus cogens a complex doctrine essential to contemporary international society

Global Theory from Kant to Hardt and Negri G. Browning, 2011-07-26 Global theory represents an influential and popular means of understanding contemporary social and political phenomena Human identity and social responsibilities are considered in a global context and in the light of a global human condition A global perspective is assumed to be new and to supersede preceding social theory However if contemporary global theory is influential its identity assumptions and novelty are controversial Global Theory from Kant to Hardt and Negri scrutinises global theory by examining how contemporary global theorists simultaneously draw upon and critique preceding modern theories It re-thinks contemporary global ideas by relating them to the social thought of Kant Hegel and Marx and in so doing highlights divergent ambiguous aspects of contemporary global theories as well as the continuing impact of the ideas of Kant Hegel and Marx

The Nature of International Law Gerry Simpson, 2017-10-05 This title was first published in 2002 The purpose of this volume is to provide a map of some of the great theoretical debates

within the discipline of international law The essays included are structured as dialogues between international legal theorists on concrete subjects such as democracy gender compliance sovereignty and justice They represent the most interesting theoretical work undertaken in international law *A History of Modern Political Thought* Gary Browning, 2016-10-13 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking **The Cambridge Companion to Kant and Modern Philosophy** Paul Guyer, 2006-02-13 This 2006 volume provides the broadest and deepest introduction to Kant currently available *Terror, Peace, and Universalism* Bindu Puri, Heiko Sievers, 2007 This collection of essays by eminent scholars on the reconstruction and critique of Kant's transcendental philosophy in the Indian context specifically discusses his ideas on perpetual peace universal history and critical philosophy

Uncover the mysteries within Crafted by is enigmatic creation, Discover the Intrigue in **Kant And The Theory And Practice Of International Right** . Kant And The Theory And Practice Of International Right Introduction

In today's digital age, the availability of Kant And The Theory And Practice Of International Right books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Kant And The Theory And Practice Of International Right books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Kant And The Theory And Practice Of International Right books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Kant And The Theory And Practice Of International Right versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Kant And The Theory And Practice Of International Right books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Kant And The Theory And Practice Of International Right books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Kant And The Theory And Practice Of International Right books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Kant And The Theory And Practice Of International Right books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Kant And The Theory And Practice Of International Right books and manuals for download and embark on your journey of knowledge?

FAQs About Kant And The Theory And Practice Of International Right Books

1. Where can I buy Kant And The Theory And Practice Of International Right books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Kant And The Theory And Practice Of International Right book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Kant And The Theory And Practice Of International Right books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Kant And The Theory And Practice Of International Right audiobooks, and where can I find them?

Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Kant And The Theory And Practice Of International Right books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
