Installation Guide

2. Remove the female connector attached to the fuel sensor and attach this to the male connector on the TDI-Tuning harness. Once this has been attached, you should use the other connector to attach it to your vehicles connector.

3. Remove the female connector attached to the boost sensor and attach this to the male connector on the TDI-Tuning harness. Once this has been attached, you should use the other connector to attach it to your vehicles connector.

4. Secure the harness with cable ties supplied. Attaching to existing harnesses is recommended. Please ensure cables are not over tightened and that some slack is left between the tuning box and harness.
