Magento Beginners Guide:

Magento Beginner's Guide Robbert Ravensbergen, 2013-01-01 This book is written in a friendly beginner's guide style with plenty of step by step instructions for installing configuring and using Magento to run your own e-commerce site. We will set up an example store in the book with enough information to adapt the instructions according to your needs. This book is for anyone who wants to create an online store using Magento. If you are a non-technical person and are discouraged by the complexity of this powerful e-commerce application, this book is ideal for you. This book would also suit someone with e-commerce knowledge but requires a guide to getting started with Magento. Magento 2 Beginners Guide Gabriel

Guarino, 2017-03-14 Discover what you need to know to build your own profitable online stores using the power of Magento 2. About This Book Set up and manage your very first online store with a friendly and engaging approach using Magento 2. Create your own shipping rates matrix and connect to shippers such as UPS, FedEx, and USPS. Create reports to track store sales, customer activity, and statistics. Who This Book Is For Have you been trying to create a website without luck using different platforms but have never tried Magento before? Then this book is for you. Familiarity with programming and Magento 1 will help but is not a prerequisite. What You Will Learn Build your first web store in Magento 2. Migrate your development environment to a live store. Configure your Magento 2 web store the right way so that your taxes are handled properly. Create pages with arbitrary content. Create and manage customer contacts and accounts. Protect Magento instance admin from unexpected intrusions. Set up newsletter and transactional emails so that communication from your website corresponds to the website's look and feel. Make the store look good in terms of PCI compliance. In Detail Do you have a good product to sell but need your start-up to sell it to your potential customers the right way? Were you unhappy with what Magento 1 had to offer and are looking forward to trying out what Magento 2 provides? If either of these questions ring a bell, then this book is for you. You'll start by getting a general understanding of what Magento is, why, and how you should use it, and whether it is possible and feasible to migrate from an old web store to Magento 2. We'll introduce you to the main e-commerce concepts and basic features and let you play with them so you can get a taste of how catalog and content management works. Following on from that, we'll show you how to tune your store up. You will learn how to get web store offers up and running, how to offer various discounts in the catalog, how to let the customers reduce the total price in the shopping cart by combining different products, and how to generate coupon codes that customers can use. Finally, we'll get serious and turn your plaything into a real web store, teaching you how to run it for real. Style and approach This book is a step-by-step guide to creating your first online store from scratch using Magento 2. **Magento 2 Beginners Guide**
