University in the 21st Century Lisa-Marie Geberth, Lisa-Teresa Woller, 2023-04-01

University has changed dramatically over the last decades From the spirit of Humboldt that science in itself is the greatest motivator to study and do research we experience a shift towards neoliberalism Studying became part of something one

needs to do to compete on a competitive job market Research gets more and more influenced by interests of those financing research funds Digitalization changed the way people interact in a university setting This book shows different views regarding university from being a student becoming an alumnus and then maybe a teacher challenging views on grading and exams to problematic patriarchal structures and problems with creating a new study program Students alumni researcher and lecturers were invited to join this volume and give unique insights into post university life
