

5. Service Description Template

| | |
|-----------------------------------|---|
| Service Name | The agreed name for the service. |
| Service Description | A brief description of what the service does, and the expected outcomes. |
| Features | Briefly outline the main features and functionalities of the service. |
| Service Category | Classify the service into one of the categories previously agreed. Categories are important to provide the Service Catalogue with a hierarchical view of services. |
| Service Type | Customer-facing service or supporting service. A customer-facing service is an IT service that is visible to the customer. Typical data to be recorded are those connecting to the business, although information from the supporting layer can be recorded as well for internal use by the IT service provider. A supporting service is an IT service that is not directly used by the business, but is required by the IT service provider to deliver customer-facing services (for example, a directory service or a backup service). Supporting services may also include IT services only used by the IT service provider. Typical information to be recorded comes from the supporting layer. |
| Service Owner | Name and contact information of the person(s) with this role. |
| Business Service Catalogue | |
| Business Owner(s) | Name and contact information of the person(s) with this role. |
| Business Unit(s) | Business unit(s) to which the service is provided. |
| Business Impact | Describe the positive impact of having the service available and/or the negative impact if the opposite. The impact can be quantified by the number of users affected, the impact on cash flow, and the cost to the business. |
| Business Priority | Select from a previously agreed scale like Critical/Non-critical or High/Medium/Low. |
| Business Contacts | Name and contact information of the key business person(s) to be contacted. |
| Service Level Agreement (SLA) | It is usually better to provide a link to the document with the SLA encompassing the IT service. |
| Service Hours | Write here the agreed time period when the IT service should be available. |
| Escalation Contacts | Name and contact information of the person(s) to be contacted when an escalation procedure is triggered. |
| Service Reports | A list of the operational reports available for the IT service. |
| Service Reviews | Frequency of the service level review meetings. |
| Security Rating | Classify services to the security level of the IT service. |
