With the chequered flag flying on the Blue Oval favourite, this book examines the first Falcons to take flight in the early 1960s through to the final FG X. Special emphasis is placed on the glorious decade 1969-78 and the magnificent high performance machines from the Falcon XW GT HO to the XA XB and the Cobra. These are cars that still command instant respect and ooze all the excitement, emotion, colour, freedom and raw power of their time. Ford Falcon captures the stories from the men who designed, developed, built and raced these bred-for-Bathurst beasts. It features stunning photography of Falcon's triumphs, milestones and majesty. After some 56 years and 3.8 million cars, what better way to say goodbye to Aussie motoring royalty? **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1959. This book is 243 pages thick and includes more than 1,600 words and phrases with definitions, phrase origins and examples of usage. Every enthusiast group inevitably spawns its own slang, but few are as rich as that which has evolved around the world of hot rods and customs. Once a unique American sub-language, the gearhead vernacular has long since gone global. Containing some 1,700 entries, this first ever dictionary of the colorful language and phraseology that has developed in the world of hot rodding and customizing features not just terms used to describe the technologies and designs, but also those pertaining to the culture itself. In the end, it's not just a dictionary with something for everyone from newbies to vets, but a book that reveals how the customizers have, in fact, customized their lingo.
