This book came from a conference which surveyed the most recent research on numerical methods and the development of algorithms for use with parallel computers It is now widely accepted that parallel computing is the future the only way to achieve the processing speeds that are required to meet the needs of computer users in the future the software problems involved require the development of new solution algorithms which are capable of supporting many parallels The emphasis of the conference was on the applications of parallel processing on the implementation of specific applications on parallel computers or with the development of efficient mathematical algorithms to be used in applications The contributors include Mike Brady et al Oxford and Jeremy du Croz NAG UK      Technical Report Aeronautical Research Council (Great Britain), 1924 Includes its Reports which are also issued separately      The Complete Guide to Patents, Copyrights, and Trademarks Matthew L. Cole, 2008 Hundreds of thousands of people apply for patents copyrights and trademarks in the United States every year For example the United States Patent and Trademark office recently reported that 452 633 patent applications were filed in one year You can easily become one of these people if you have created the greatest American invention if you are the next Stephen King and have written a book to prove it or if you have designed an eye catching logo for your company The Complete Guide to Patents Copyrights and Trademarks will provide you with all the information you need to know about acquiring registering maintaining and protecting your intellectual property A patent is a grant of property rights to the inventor and essentially excludes others from making using and selling your invention whereas a trademark is a word symbol or device used to indicate the source of goods and to distinguish your goods from those of others A copyright on the other hand protects original works and the form of the expression rather than the subject matter This new exhaustively researched book will help you decide which of the three you need to apply for as well as which things can be patented trademarked and copyrighted and which cannot In this book you will learn how to file an application how to register how to avoid infringement and how to avoid common problems Additionally you will become knowledgeable about where to file the fees involved laws and regulations associated with the process the differences between copyrights trademarks and patents the differences between utility design and plant patents who may apply attorneys and agents and the forms you need to fill out Whether you are applying for a patent copyright or trademark this book will provide you with all the necessary information necessary to do so The Complete Guide to Patents Copyrights and Trademarks is the only book you need to read if you want to protect your intellectual property Atlantic Publishing is a small independent publishing company based in Ocala Florida Founded over twenty years ago in the company president's garage Atlantic Publishing has grown to become a renowned resource for non fiction books Today over 450 titles are in print covering subjects such as small business healthy living management finance careers and real estate Atlantic Publishing prides itself on producing award winning high quality manuals that give readers up to date pertinent information real world examples and case studies with expert advice
