Service Manual

This manual is provided FREE of charge and should be distributed to as many VFR owners you know! I decided to scan this manual because, though most mechanics are very efficient, I found some to be incompetent, and wanted to be able to check their work. This manual cost me \$60, which I know some people can't afford. I think human lives are worth more than \$60. In my opinion, this manual should have come with the bike in the first place!!!

This is page is obviously not in the original service manual. All other pages are exactly as printed. Honda included several updated pages to this manual when I purchased it. These updates are included. If Honda has made any amendments/updates to this manual since November 1997. They are not included in this digitized manual.

The image shows the front cover of a Honda Service Manual. The top half is grey with the word 'HONDA' in large, bold, black letters. The bottom half is blue with the words 'SERVICE MANUAL' in large, bold, white letters. At the very bottom, there are three small, stylized illustrations: a motorcycle, a person working on a bike, and a person riding a bike.
