101 FAQs About Becoming an Accountant Caitlind L. Alexander, Have you ever thought about what it would really be like to be an accountant? What kind of training do you need? What will it be like on the job? What kind of jobs can you get? Is accounting the right career for you? This book is intended to answer those questions and many more. Many people go into the field of accounting without fully understanding the demands of the career. Many also spend four or more years studying accounting only to find that it is not the career for them or that the field will not fully accept them due to elements in their previous life. There is nothing worse than watching someone complete a full accounting course of study only to find out that the DUI that they got as an 18-year-old prevents them from getting the job they just spent 6 years training for.
