

Lesson 1: What is Theatre?/Observation

OBJECTIVE: Students will demonstrate the understanding that theatre is the art of telling stories through acting, and how observing the world around you is a first step to becoming a great actor.

MATERIALS:

- Large writing surface (dry erase board/chart paper)
- A bowl with slips of paper that have different emotions written on them (see list on page 7)

GREETING: Greet the students, introduce a little bit about yourself, then immediately begin the warm-up.

I recommend beginning each session with a few words about what the goal/plan is for the day, then immediately jumping into a warm-up activity. Especially with young kids, it's important to get them moving and engaged as soon as possible.

WARM-UP: Drama Game: Stop, Go, Jump!

- Tell the students to take the stage. (From this point on "stage" will refer to any open playing area.)
- When you say *GO*, they are to walk around the stage trying to fill up all the space, not leaving any gaps.
- When you say *STOP* they should stop. Try this out a few times.
- When you say *CLAP* they should clap, when you say *JUMP* they should jump. Try this out a few times, then mix it in with *GO* and *STOP*.
- When you say *KNEES* they should bend to put their hands on their knees, when you say *SKY* they should reach up toward the sky. Try this out, mixing it in with the previous commands.
- After they've gotten the hang of this, kick it up to Level 2. They are now to do everything in exact opposite. *STOP* means *GO*, *GO* means *STOP*, *CLAP* means *JUMP*, *JUMP* means *CLAP*, *KNEES* means *SKY*, *SKY* means *KNEES*.
- Try out this new level for awhile, slowly at first, then getting increasingly faster.
- Finally, kick it up to Level 3. You, the instructor, will be doing the actions literally as you say them, however the students should continue doing the exact opposite.
- Gather the students into a circle to reflect:
 - *Why do you think we played this game? What skills were we working on?*
 - *As an actor, you're going to be required to do things that sometimes feels unnatural, to step outside your comfort zone, and to always be focused and listening for direction. This helps prepare us for that.*

EXPLORATION: What is theatre? What makes a good actor?

- Ask the students if they can describe what theatre is.
 - *How is it different than reading a book?*
 - *How is it different than watching a movie?*

Have the students seated for this next activity. The best time to have the students seated to explore a new concept or idea is immediately following the warm-up activity.

Middle School Drama Lesson Plans:

Drama and Education Manon van de Water, Mary McAvoy, Kristin Hunt, 2015-02-20 Drama and Education provides a practical comprehensive guide to drama as a tool for teaching and learning. It is among the first practical drama and performance textbooks that address brain based neuroscientific research making the argument that creativity is necessary in our lives that embodied learning is natural and essential and that contextual learning helps us find our place in society in relationship to other peoples and cultures. As well as a historical and theoretical overview of the field it provides rationale and techniques for several specific methodologies: linear drama, process oriented drama, drama for social justice and performance art. Each approach is supplemented with sample lesson plans, activities, ideas for differentiation and extensive bibliographies. The topics are discussed from five key angles: Historical and theoretical foundations, Curricular applications, Practical toolkits for a range of classrooms and learning environments, Different strategies for lesson plans, Extension options for longer workshops. Alongside these core methods the integration of other innovative forms from performance art to Theatre of the Oppressed into drama based learning is explored as well as the pragmatic concerns such as assessment planning and advocacy for arts learning and arts education partnerships. Drama and Education is the comprehensive textbook for teachers and students on Applied Theatre and Theatre and Education courses.

Teaching Drama in the Classroom Jeana Whiteaker, 2020-05 **The Influence of Dramatic Arts on Literacies for Black Girls in Middle School** Portia M. York, 2022-11-28 For urban middle school Black girls to fit in educational settings and society they must be seen and understood in their unique ways. They must be able to utilize certain literacies that assist with navigating what they say and how they speak, their confidence expressions and identities as Black girls in these settings. In *The Influence of Dramatic Arts on Literacies for Black Girls in Middle School* York demonstrates the impact that practicing drama strategies has on foundational digital and identity literacies for middle school Black girls. Personal stories of Black girls are shared on how drama strategies help them navigate discrimination, racist and misogynistic slurs and even support their self confidence and public speaking. The basis of these stories are told through a Black feminist thought lens which York uses to take readers through surprising drama strategies that Black girls adopt to help them become resilient and confident while embracing themselves fully. Readers will see the benefits of Black girls practicing drama in a safe space guided by a drama teacher that is a Black woman who chooses culturally relevant pedagogy for her students.

Active Learning Through Drama, Podcasting, and Puppetry Kristin Fontichiaro, 2007-03-30 Contrary to the trend to do away with arts education as an unnecessary expense in schools trying to boost student test scores, this book promotes and explains the value of integrated arts instruction in furthering the accomplishment of curricular objectives and fostering student achievement. Accomplished library media specialist and arts instructor Kristin Fontichiaro discusses how drama, shadow puppetry and podcasting can be used as tools to meet curriculum objectives in the K-8 media center. By concentrating on the process of creating a piece of

drama or puppetry or a podcast as opposed to the goal of performance and by infusing the arts with curriculum objectives in story or research these techniques can intensify a child's learning and provide context for classroom curriculum objectives A discussion of the affective and academic benefits of this process based work as well as sample lessons are included

Photographs and examples of student work illustrate the techniques Grades K-8 **Resources in Education**, 2001-04
