Write Yourself In Eric Tipler, 2024-06-11 Write authentic memorable college essays that will help you get into the right school for you with this guidebook from a veteran college admissions expert Every spring over one million high school juniors embark on an annual rite of passage applying to college And with college admission rates at an all time low getting into a competitive school is now tougher than ever At the top schools a strong transcript and great test scores will get your application noticed but it's your essays and the personal story that they highlight that will get you admitted But often students don't know where to start Teens fret over topics

because they don't know what college admissions officers are looking for. They bend over backwards to write what they think colleges want to read instead of telling their authentic story which is what admissions officers actually want in a way that will resonate with their readers. They also struggle because college essays which are narrative first person and introspective require a different set of skills from academic expository writing they've been learning for years in the classroom. Seasoned college admissions expert and educator Eric Tipler has seen this firsthand. Teens and their parents spend countless anxiety-filled hours crafting and refining essays that are often lackluster. In *Write Yourself In* Tipler meets students where they are and provides comprehensive actionable advice in a warm and conversational tone. He demonstrates how to craft a winning essay one that is authentic, vulnerable, and demonstrative of qualities like personal growth and emotional maturity. Instead of formulas, *Write Yourself In* gives students step-by-step processes for brainstorming, outlining, writing, and revising essays. It encourages them to seek out feedback at key points in the process, something Tipler has found to be vital to helping students produce their best writing. Further, the book includes sidebars that teach essential components of good storytelling, a secret weapon in the admissions process. In addition to the admissions essay, *Write Yourself In* also covers the most common supplemental essays on topics like community, diversity, openness to others, viewpoints, and why their school is a good fit for the student. Scholarship essays as well as scholarship essays. Tipler includes sections that address current topics like the widespread use of ChatGPT and the discussion of race in the admissions essay, a facet of the student's application that will have newfound importance given the Supreme Court decision on affirmative action. Written with both the parent and teen in mind, *Write Yourself In* is the go-to handbook for writing a great college essay.
