Sylvia's writing is what has earned her a reputation as one of the most successful introductory biology textbook authors ever and it is the most compelling feature of this text. Updated Boxed Readings Throughout Human Biology features three different types of boxed readings. Theses readings have been thoroughly updated by Dr Mader as well as experts in the field throughout the book to remain current. A complete set of chapter learning aids includes a listing of chapter concepts, brief concept summaries within the chapter, boldface key terms, summary and objective questions. Students value tools within the text that help them grasp the concepts. Customize this book through Primis Online. This title is tentatively planned to be part of the Primis Online Database [www.mhhe.com/primisonline](http://www.mhhe.com/primisonline). Benefit: Professors can customize this book to meet their exact needs and mix and match with other items on Primis Online, allowing them maximum choice and flexibility. Instructors can choose between two delivery formats: custom printed books in black and white or custom eBooks in color. Emphasis on Homeostasis: Homeostasis is emphasized throughout the text. The

homeostasis sections at the end of specific chapters and the accompanying homeostasis illustrations have been revised for greater clarity and explain in depth how the body systems work together to maintain homeostasis The laboratory exercise in this manual are coordinated with Human Biology a general biology text that covers the entire field of biology The text emphasizes how we can apply biological knowledge to our own lives and to our relationships with other organisms
