Critical Care Transport American Academy of Orthopaedic Surgeons

(AAOS), American College of Emergency Physicians (ACEP), UMBC, 2022-03-17 Published in conjunction with the American Academy of Orthopaedic Surgeons (AAOS) and the American College of Emergency Physicians (ACEP), *Critical Care Transport* offers cutting-edge content relevant to any healthcare provider training in critical care transport. Like no other textbook in this market, *Critical Care Transport* thoroughly prepares medical professionals to function as competent members of a critical care team by covering the material that everyone—paramedics, nurses, physicians, and specialty crew—needs to know to operate effectively in the prehospital critical care environment. This book meets the curricula of major critical care training programs, including University of Maryland Baltimore County (UMBC). It covers both ground and flight transport and meets the objectives of critical care transport certification exams such as the Certified Flight Paramedic (FP-C) exam administered by the Board for Critical Care Transport Paramedic Certification. Content includes information specific to prehospital critical care transport, such as flight physiology, lab analysis, hemodynamic monitoring, and specialized devices such as the intra-aortic balloon pump. Standard topics such as airway management, trauma, and pharmacology are covered in the context of critical care. Chapters have been authored by leading critical care professionals across the country and represent the most current state-of-the-art information on management of critical care patients. This dynamic textbook includes the following features to enhance learning: Skills covering equipment, indications, contraindications, steps, and complications; A synopsis of signs and

symptoms differential diagnosis and management points for each condition discussed Tips on caring for special populations Explanations of controversies Management algorithms An in depth case study in each chapter The International Association of Flight Paramedics IAFP which provides advocacy leadership development and educational opportunities for critical care paramedics has endorsed Critical Care Transport **PhysioEx 3.0** Peter Z.
